

DYNAMITE CASE TRIALS PROGRESS

DISTRICT ATTORNEY WHO HAS
TALKED FOUR DAYS NOT YET
THROUGH.

Edward Clark, former president of Cincinnati Union Changes Plea to Guilty and Causes Sensation—Pages From Careers of McNamara and McManigal Are Read to Jury.

Indianapolis, Ind., Oct. 7.—Pages from the careers of McNamara and Orlie E. McManigal, as leaders of "the firing squad of dynamite," with conversations in which they were said to have plotted to send McManigal to Panama to blow up the locks of the Panama canal were read by District Attorney Charles W. Miller before the jury at the trial of the accused "dynamite conspirators" today. The incident in reference to Panama, Mr. Miller said, occurred just before the arrest of the Los Angeles dynamite men when they were becoming desperate in their efforts to secure explosives without betraying their identities.

Hard to Get Dynamite.
"John J. called James B. McNamara, his brother, and McManigal to the headquarters of the International Association of Bridge and Structural Iron Workers," Mr. Miller said. "John J. said to McManigal, 'we can't get any more dynamite around here without stealing it. Now you go to Panama and see what you can do down there. The McManigal-Marshall Construction company has a lot of dynamite stored down there. You could easily get hold of it and blow up these locks. That would make 'em sit up and take notice and take their minds off the Los Angeles affair.' McManigal refused to go at that time. Soon after they all were arrested."

The contractor mentioned was one of those who had declared for the "open shop" in the United States. Other developments of the day were:

Edward Clarke, Cincinnati, former president of the local iron workers' union, changed his plea from "not guilty" to "guilty" and was locked up, pending sentence.
Olaf T. Treitmoen, San Francisco, now on trial was accused in the government's statement to the jury, as having been the "protector" of the dynamiters on the Pacific coast, who pointed out how the Los Angeles Times building and the Llewellyn Iron Works were to be blown up, who wanted the Baker Iron Works and the Times auxiliary plant blown up and who promised to the dynamiters that his (Treitmoen's) friendship with P. H. McCarthy, then mayor of San Francisco would insure protection from the police. Treitmoen was then editor of a trade paper and secretary of the Building Trades Council of California. McCarthy recently was in Indianapolis. Events implicating the present defendants, as charged by Mr. Miller before the jury were as follows: W. Bert Brown, then business agent of a local union at Kansas City, Mo., proposed to blow up bridge.

James B. McNamara and "a citizen" whose name was not divulged, in August, 1910, had a conference about blowing up a \$1,500,000 bridge being constructed by an employer of non-union labor across the Missouri river at Kansas City. Previous negotiations had been conducted by Brown and William McCain, also a business agent at Kansas City with the iron workers headquarters in Indianapolis.

James B. offered to employ the "citizen" regularly saying there's lots of money in it. We will go to Los Angeles and blow the whole town to hell. We have lots of money and if we get into trouble we have the best lawyers that money can buy."

The citizen did not go into the deal.
On August 22nd, McManigal after being three days in Kansas City, placed 12 quarts of nitro-glycerine divided in three 6-quart paint cans beneath the understructure of the bridge. The explosions did not occur until the next day, and after McManigal had replaced the weak batteries on the bomb timers with stronger ones.

Part of the cans were recovered by the government. Meantime James B., had gone to arrange for the Los Angeles Times explosion, after accomplishing which and hiding for two weeks in Salt Lake City, he returned east being met in Nebraska by Frank Eckhoff of Cincinnati with a message from John J.

James E. and McManigal then went hunting in the woods of Wisconsin to hide.
Charges Against Others.
Charges against Clarence E. Dowd Rochester, N. Y., Charles Wachsmeyer, Detroit, Frank J. Murphy, Detroit, Wm. K. Benson, now of East Galloway, N. Y., Spurgeon P. Meadows Indianapolis and Hiram Cline, Muncie, Ind., involving unions, other than the iron workers, were outlined by the district attorney.

He said it would be shown that they all met in Detroit in 1911 to "have a wholesale blowing up" but that J. B. McNamara hesitated about the jobs because there were too many in on the deal. Cline and Meadows were officers of the International Brotherhood of Carpenters and Joiners and Dowd was a national organizer of the International Association of Machinists.

STILL SEEK FACTS ABOUT MONEY GIVEN

CAMPAIGN EXPENDITURES COM-
MITTEE CONTINUES PROBE.

Charles R. Crane Testifies to Gifts to Both Wilson and LaFollette Committees—More Details Concerning Alleged Demand on Morgan for Additional Contribution in 1904—Archbold to Testify Thursday.

Washington, Oct. 7.—From a half dozen witnesses heard today by the senate campaign expenditures committee, the committee drew a small amount of information bearing on campaign expenditures of E. H. Hooker, that he had given \$70,000 each to Senator LaFollette and Governor Wilson and swore that his gifts to the LaFollette campaign totaled \$226,684.40; and those to Governor Wilson's pre-convention campaign \$10,000.

John D. Archbold, president of the Standard Oil company has been recalled by the committee and will testify Thursday. Tomorrow the committee will hear Ormsby McHarg, Representative Wm. B. McKinley, manager of President Taft's pre-convention campaign; Former Senator Chauncey M. DePew, said to have given \$50,000 to the Harriman fund in 1904; Former Senator Nathan B. Scott, connected with the Republican national committee that year and Matthew Hale, Roosevelt leader in Massachusetts last spring.

Mr. Welliver Testifies.
The controversy surrounding an alleged demand upon J. P. Morgan for an additional contribution to the Roosevelt campaign fund in 1904 was partially cleared up today by Charles Edward Russell, Socialist candidate for governor of New York and Judson C. Welliver, a Washington newspaper man. Mr. Russell had been quoted as saying Wayne MacVeagh, attorney general under President Cleveland was in Mr. Morgan's office when the latter was called to the telephone and asked for the contribution. Mr. Russell told the committee under pressure that Mr. Welliver, then a magazine writer had been his informant. Mr. Welliver, sitting at the newspaper table in the committee room asked permission to take the witness stand after Mr. Russell concluded.

He said Mr. MacVeagh told him in 1910 that Mr. Morgan had been called to the telephone in 1904 as stated, but that it was E. H. Harriman who asked for the contribution. Mr. Welliver testified that Mr. MacVeagh told him Mr. Morgan said that Mr. Harriman was asking for more campaign money as the result of his visit to President Roosevelt in October, 1904.

Crane's Contributions.
Charles R. Crane said he contributed both to Senator LaFollette and Governor Wilson before the nominating conventions because both were "progressive candidates." A statement filed for Senator LaFollette by John J. Hannan, manager of his campaign showed his total expenses had been about \$67,824 in his campaign for the Republican nomination.

Ogden L. Mills, of New York, treasurer of the Republican committee of New York county denied the charges of fraud that had been made by Roosevelt leaders in New York. He presented to the committee records from different election districts which he thought indicated fraud on the part of many of the workers for the Roosevelt delegates.

Mr. Mills' permission to deny a statement credited to E. H. Hooker, Progressive treasurer at New York, that 30,000 votes were cast for Roosevelt delegates in the March primaries and were not counted."

"The pollsters fully made up their minds to tell me," said "and Mr. Roosevelt got as many as 16,000 votes."
Two weeks before the primary he said reports were made to him of attempts to bribe Taft precinct captains to deliver votes to Roosevelt, but he did not verify any of these.
Mr. Mills gave the committee figures and poll books from precincts in the eighth assembly district and said investigation of the Roosevelt vote in many districts had shown much of it to have been fraudulent. In one district, he said, a man who had his leg amputated on election day was recorded as having voted. In the fourth election district, he said the record showed that the usual 106 votes cast were cast in perfect alphabetical order. Under questions by Senator Pomerene, Mr. Mills said he believed there had been corruption in certain of the districts. After concluding the examination of Mr. Mills the committee adjourned until tomorrow.

ILLINOIS LEADS.
Chicago, Oct. 7.—Illinois leads all other states in the per capita depositors in the in the Postal Savings banks. There are 20,000 depositors in Illinois with an aggregate of \$1,922,000 deposit, or a per capita of \$96.

Charles W. Fullaway, superintendent of finance of the postal department made this statement today in giving a resume of the business of the postal savings bank since its establishment twenty-one months ago. Three-fifths of all the Illinois depositors which are 12,000 are in the Chicago division, with an average of \$161 for each depositor, according to Mr. Fullaway's report.

ROAD'S MORTGAGE IS FORECLOSED

C. P. & ST. L. WILL BE SOLD BY
SPECIAL MASTER IN CHAN-
CERY.

Judge Humphrey Entered Decree to Satisfy Second Mortgage Bonds—Property Will be Purchased by New Company Organized For That Purpose—Plan to Scale Down Indebtedness.

Springfield, Ill., Oct. 7.—A decree signed by Judge Humphrey was filed in the office of the clerk of the United States district court today in the case of the Equitable Trust company of New York, trustee, against the Chicago, Peoria & St. Louis Railway Company of Illinois and the Sangamon Loan and Trust company of this city, trustee, foreclosing the second mortgage bonds of \$2,000,000 held by the Equitable Trust company of New York as trustee and ordering that the railroad be sold by Walter McClelland Allen, of this city, special master in chancery, at the freight house at Ninth and Madison streets. The decree was entered as of October 4.

The interest on these second mortgage bonds has not been paid since August 4, 1909, and amounts to date \$443,629.93.

The date of the sale will be fixed later. It will be before January, 1913. The upset price is fixed at \$750,000. The purchasers will buy the road subject to the first mortgage of \$1,000,000 held by the Colonial Trust company of New York and other liens on the property.

The property will be purchased by the Chicago, Peoria & St. Louis Railroad company, a new company representing the holders of the second mortgage bonds under which this decree of foreclosure is entered. The property of the road is valued at \$3,500,000 and it is the plan of reorganization to scale down the bonded indebtedness to that sum.

AMERICANS KILLED IN NICARAGUA

Three Die and Four Wounded in
Attack on City of Leon—Rebels
Driven Out of Town.

San Juan Del Sur, Nicaragua, Oct. 7.—The American forces lost three men, killed in the attack on Leon and Chinandega, which were occupied by the rebels. Fifty rebels were killed and many wounded. The others have been dispersed.
Chinandega is the capital of the department of the same name, lying about twenty-four miles southwest of Leon. Both towns have been in the hands of the rebels for weeks and the residents of both places have suffered much distress.

According to the advices received here a large detachment of marines and blue jacket under Lieut. Col. Long proceeded from Corinto to three points on the national railroad, Chinandega to the northwest, Leon to the southeast and Chigalapa was the scene of an engagement Friday, while the rebels were forced to forward to evacuate the two other towns the next day. Details of the fighting have not been learned.

Later advices say that on Sunday, when the American marines and blue jackets under Lieut. Col. Long-marched into the city of Leon to take possession they were met in the streets by an irresponsible mob, who opened fire. Three Americans were killed and four wounded. The marines returned the fire, killing 50 of the mob and wounding 40. The others were driven out of the town.

Evidently influenced by the capture of Mazaya the leaders of the liberals at Leon have decided to leave the country. This was satisfactory to President Diaz and Admiral Southerland and permission to leave, with the proviso that they should not return, was granted General Iras and a dozen other generals who have been making Leon their headquarters.

GIVEN HEAVY SENTENCE.
Havana, Oct. 7.—Enrique Maza, a Cuban newspaper man who recently assaulted Hugh S. Gibson, the American charge d'affaires, was today sentenced to two and one-half years imprisonment. This is not the extreme penalty under the Cuban law but was considered by the court as a fair equivalent for the same offense in United States.

ZION CITY TEACHERS STRIKE.
Zion City, Ill., Oct. 7.—A strike of all the teachers of the Zion City High school took place when Overseer Wilburn Glen Volvia discharged Benjamin J. Hess, principal of the high school and superintendent of the grade schools today. Mr. Hess' offense is said to be that he underwent a minor surgical operation, contrary to the medical teachings of Zionism.

THREE INDICTED ON SERIOUS CHARGE

ARE SENT TO JAIL UNDER
HEAVY BONDS.

John M. Wiley is Said to Have Been Leader in Organizing, the "North and South Railroad Association," in Which it is Alleged, Farmers in Three States Lost Thousands.

Minneapolis, Minn., Oct. 7.—With bail fixed at \$5,000 for the first and \$2,500 each for the other two, John M. Wiley, Fred Beckley and A. L. Beall, indicted by a federal grand jury on the charge of using the mails to defraud tonight are in the Hennepin county jail. All three appeared before Federal Judge Page Morris last today and entered pleas of not guilty, their cases being continued until the April term of court which opens on the first Tuesday of April, 1913.

Judge Milton D. Purdy appeared today as counsel for the defendants. Wiley, who it is said, was leader in organizing the "North and South Railroad association," by means of which farmers in Minnesota, Iowa and Missouri are alleged to have lost thousands of dollars was arrested at New Hamilton, Iowa; Beall near Lawler, Iowa, and Beckley at Ensel, Minn. Wiley is said to have been a resident of Minnesota for three months; Beckley to have come from Osawatomie, Kans., and Beall from Sigourney, Iowa.

Shares it is said, were sold at \$10 per value, local agents being appointed in Minnesota, Iowa and Missouri to "handle" the sale of stock. According to officials in every instance utmost secrecy was enjoined on the assertion that if established railroads knew about the "North and South" they would use their influence to block the enterprise.

CALLS ON WILSON TO PROVE ASSERTION

Roosevelt Says There is Not the
Slightest Foundation That Steel
Corporation is Behind Third Party

Albany, N. Y., Oct. 7.—Col. Roosevelt called on Woodrow Wilson tonight either to prove or retract his statement today in Pueblo, Colo., that the United States Steel corporation is "behind the third party program in regard to regulation of the trusts."

"As far as I know," said Col. Roosevelt, "the statement has not the slightest foundation in fact. Mr. Wilson has no business to make such a statement unless he has the proof and if he has any proof I demand that he make it public immediately. If he has not let him retract his statement as the manly and honorably thing to do."

"As far as I know the only big man connected with either the steel corporation or the harvester trust who is supporting me is Mr. Perkins. As far as I know, all the others in both the steel corporation and the harvester trust are supporting either Mr. Taft or Mr. Wilson."

Col. Roosevelt passed through Albany on his way to Detroit, where he is due at 8:25 Tuesday morning. He will speak in Saginaw, Mich., tomorrow night.

PLAN DEMONSTRATION.

President Taft Accepts Invitation to Give Address at Dedication of Polish National Alliance College.
Chicago, Oct. 7.—Plans for the largest demonstration of Polish Americans ever held in this country were completed today with the receipt of the acceptance by President Taft to deliver the principal address at the dedication of the Polish National Alliance college at Cambridge Springs, Pa., Oct. 26. The acceptance was announced here today by President Casimir Zelinski of the alliance at its headquarters in Chicago.

The college is the first institution of its character to be founded by the alliance. It is to be non-sectarian. The alliance numbers 900,000 members. Special trains will be run from Chicago, Buffalo, Detroit, Cleveland, St. Louis, Pittsburgh, Toledo and Boston and many other cities where Poles reside in large numbers.

BIG ZELIG BURIED.

New York, Oct. 7.—Big Zelig, the gunman was buried today with all honor the East Side could give. His body was borne to the grave through streets lined three and four deep with on lookers with a train estimated at 2,000 as an escort.

PRESIDENT REACHES MANCHESTER.

Manchester, Vt., Oct. 7.—President and Mrs. Taft and party reached Manchester to night after a ten hours auto ride over the Berkshire Hills and the Green Mountains. They passed through Adams and North Adams, Williamstown, Mass., Wilmington, Brattleboro and Townsend, Vt. In all these cities and towns the president made short speeches. He avoided politics and announced in almost every speech that he was merely on a vacation trip with politics left behind. In West Townsend the president visited the birthplace of his father, Alphonse Taft, and shook hands with several of the older inhabitants who knew his father in their school days. He motored to the top of a nearby hill to visit the grave of his great grandfather.

The members of the presidential party were met at the night of Robert T. Taft, president Lincoln

SHERIFF ARRESTS RAY PFANSCHMIDT

CHARGED WITH WHOLESALE
MURDER IN QUINCY.

Taken at Home of Uncle—Maintains Silence and Refuses to Show Any Emotion—Authorities Fear Mob Violence.

Quincy, Ill., Oct. 7.—Captain W. A. Long, commander of Co. F, I. N. G., received a telegram tonight from Governor Deneen asking him to have his company in readiness in order to repress any mob should one be formed for the purpose of trying to take Ray Pfanschmidt, who was arrested this morning charged with the murder of his father, mother, sister and a young school teacher. The feeling against the young man here is very hot, especially in the suburb district surrounding the Pfanschmidt country home where the murder was committed and talk of violence could be heard on every side here tonight. The sheriff anticipating that an effort to take the prisoner out of the hands of the law might be made was prepared by having a special guard about the court house in which the jail is located.

Attorneys for the young man refuse to allow him to talk to anyone. Photographers attempted to get a picture of the accused man this afternoon as he walked from the justice court, where his preliminary hearing was held, back to jail. He was alert to this, however, and pulled his hat over his eyes and fell behind his guards.

Ray Pfanschmidt, this morning, was arrested at the home of his uncle, Henry Niekamp, Sixteenth and Ohio streets, by Sheriff Joe Lipps and is confined to the county jail on a charge of murdering Emma Kaempfen, daughter of Mr. and Mrs. E. C. Kaempfen, 327 South Sixteenth street, and Blanche Pfanschmidt, his 15 year old sister. Pfanschmidt will answer the charge of first degree murder, the warrant having been sworn out this morning by State's Attorney Tony Gilmer.

The trousers, shirt, hat, coat and shoes, supposed to have been worn by Ray Pfanschmidt a week ago Friday night, when the murder of Charles Pfanschmidt, wife and daughter, and Miss Emma Kaempfen occurred, this morning were found in the vault of an outhouse at the grading camp, Twelfth and Cedar creek, where Ray Pfanschmidt was employed on a contract.

The warrants for the arrest of Pfanschmidt were completed about 9:30 o'clock. One each for the murder of Emma Kaempfen and Blanche Pfanschmidt was handed to Sheriff Joseph Lipps and the other to Deputy Sheriff William Schaefer. Deputy Schaefer was accompanied by Deputy Sheriff John Coen and Detectives Robert Bumster and Fred Scharnhorst. Sheriff Lipps was accompanied by only State's Attorney Tony Gilmer and Edwin Buerkin, who drove the automobile to the home of Henry Niekamp.

When Sheriff Lipps arrived young Pfanschmidt was sitting in the parlor at the Niekamp home reading a paper. The accused arose from the chair and answered the bell rung by the sheriff. The warrants were read to him and he displayed no resistance or emotion as he was led to the automobile and accompanied Sheriff Lipps to the court house.

J. L. Freese this morning at 7 o'clock at the grading camp, Twelfth street and Cedar creek, where Ray Pfanschmidt was employed, discovered the bloody clothes lying at the bottom of the vault. The clothes consisted of a khaki coat, a pair of khaki trousers, a shirt and a necktie. Mr. Freese this morning stated that the clothes were smeared with blood, which was plainly visible and which had not yet lost its color. Mr. Freese has the contract at Twelfth street and Cedar creek and Ray Pfanschmidt was employed to do the dynamiting on the job. Saturday Mr. Freese dug a new vault and this morning at 7:30 he removed the out-house from off the top of the old vault. The clothes then were exposed and Mr. Freese immediately telephoned to Sheriff Lipps, who arrived with Tony Gilmer and took charge of the articles. The finding of the clothes was the last bit of evidence on which the authorities were working. Ray Pfanschmidt seldom wore other clothes than brown khaki.

LEAPS FROM BIPLANE.

Aviator Stevenson Receives Injuries
While Physicians Say Will Prove Fatal.

Birmingham, Ala., Oct. 7.—Joseph Stevenson, an aviator, late today leaped from his biplane, which had become unmanageable at a height of 50 feet and, falling, suffered injuries which physicians say will prove fatal. He had been aloft for about two minutes and was seen to turn with apparent intention of landing. Then he jumped. Man and machine struck the ground some distance apart. Stevenson's skull was fractured, and a rib several of which were broken, punctured his lungs. Among the witnesses were Mrs. Stevenson and several thousand school children for whom to day's aviation program at the Alabama state fair, was given.

CHOLERA KILLS MANY HOGS.

Sterling, Ill., Oct. 7.—Hog cholera again is devastating in Northern Illinois this fall. Malta, Kirkland, Shabbona, DeKalb, Hinckley and other northern cities report deaths at the rate of thousands of dollars worth a day.

JOHNSON SPEAKS IN LONG ISLAND

ATTACKS WILSON'S ATTITUDE
ON LABOR UNIONS.

Claims Candidate's Former Utterances Show That He is Unfriendly to Organization—Quotes From Letter Written to Railroad President in 1907.

New York, Oct. 7.—Governor Johnson of California invaded Long Island on behalf of the national Progressive party tonight and proclaimed it his intention in future addresses during the campaign to discuss Woodrow Wilson's attitude toward trade unionism. He asserted he would seek to show that the Democratic presidential candidate formerly was hostile to union labor. In pursuance of the plan Governor Johnson tonight dealt with a letter Governor Wilson wrote to President John of the Missouri, Kansas & Texas railway company in 1907. The letter contained a week-long endorsement of a copy of an address Mr. John had made in which he attacked labor unions and "political demagogues."

Governor Wilson wrote regarding the speech:

"I have read it with relish and entire agreement."

After reading the letter, Governor Johnson, referred to a speech by Governor Wilson in 1907, in which he is quoted as saying that labor unions were "economically disastrous," and then said:

"We have therefore the attitude of Mr. Wilson in hostility to labor unions in 1909 and the fact that 'with relish and entire agreement' he read the address concerning the 'cruel, unthinking hammer of labor unions' in 1907. The period of 1907, 1908 and 1909 is now before us, during which, if we may judge from Mr. Wilson's utterances there can be no doubt of his hostility toward organized labor."

RESUME HEARING TODAY.

International Harvester Case Will
Come up Before Special Examiner
Today.

Chicago, Oct. 7.—Hearings in the civil prosecution by the government of the International Harvester company will be resumed tomorrow before Robert S. Taylor of Duluth, sitting as a special examiner.

Former Judge William D. McHugh of Omaha will take the place of Attorney Edgar A. Bancroft of Chicago in charge of the defense; Attorney Bancroft is ill.

Edwin P. Grosverner special assistant to Attorney General Wickersham, arrived today to continue his work in charge of the government's case against the harvester interests. Mr. Grosverner was accompanied by Joseph R. Darling, special agent of the department of justice at Washington.

The hearings in Chicago, it is expected, will continue for several days. Then evidence will be taken in New York and several other cities not yet designated by the prosecution.

At the conclusion of the taking of testimony the evidence in the case will be laid before the four judges of the United States circuit court who will review the evidence and render their decision in the case, which was filed originally at St. Paul.

ROBBERS SECURE LARGE SUM.

Philadelphia, Oct. 7.—Jack Coombs, pitcher for the Philadelphia American league team, was knocked unconscious by a wild pitch of Earl Moore, pitcher for the National league team in the sixth inning of the opening game of the inter-championship of this city today at Shibe park. Coombs was able to walk home after the game but was badly shaken and may not be able to play in any of the remaining games of the series.

BOLD ROBBERS SECURE LARGE SUM.

Chicago, Oct. 7.—Two thieves knocked F. C. Miller, superintendent of a manufacturing concern, unconscious today seized a grip containing \$1,200 he was taking to a bank and escaped. The robbery occurred as Miller was ascending the stairs to a West Side elevated station. He was found unconscious by patrons of the road.

DAMAGED BY STORM.

Newport, R. I., Oct. 7.—The Thorpedo Boat Destroyer Patterson was blown onto a bar just outside the harbor tonight during an easterly storm, but later was pulled off by a naval tug. The extent of her injuries has not yet been ascertained.

PROMINENT MEN ARE ARRAIGNED

TRUST COMPANY OFFICIALS
TAKEN INTO CHICAGO COURT.

Will Be Required to Answer Charge of Renting Property for Immoral Purposes—State's Attorney to Cause Arrest of Would Be Patrons of Resorts—Four Hundred Inmates Appeared in Court.

Chicago, Oct. 7.—Arraignment in the municipal court of the president and secretary of one of the largest real estate corporations in the city on the charge of renting property for immoral purposes was the leading event in the state's attorney's war against the segregated vice district here today.

Other developments were the arraignment of more than 400 inmates of resorts arrested in recent raids, the announcement by State's Attorney Wayman that would be patrons of the "levee" will be arrested hereafter and court attempts to secure possession of the "key" to the report of the Chicago vice commission.

Harrison B. Riley, millionaire president of the Chicago Title & Trust company, and Joseph M. Dall, secretary of the organization, were compelled to answer before Municipal Judge Hopkins to day to the charge of renting property for illegal purposes. A continuance was obtained for the two trust officers until Oct. 15, with the right reserved to demand a jury trial. Both disclaimed personal knowledge of guilty transaction. "The Chicago Title & Trust company has no knowledge of property being rented through its agency for immoral purposes," said Mr. Riley. "If this has been done I certainly had no knowledge of it." The trust officers were brought to court by a detective from Mr. Wayman's office. Assistant State's Attorney Thos. Marshall has in hand more than fifty other cases against prominent real estate owners and agencies.

Municipal Judge Wells' court was packed to day with over 400 "levee" women and several shamefaced men caught in raids. Instead of small fines and rapid settlement, the cases were put over until Oct. 15 and 25.

The fight for the possession of the "key" to the report of the Chicago vice commission, which is said to contain the names of property owners, organized vice chiefs and others sought by the state's attorney's office was continued today by Mr. Wayman. Dean Walter T. Summer of the Cathedral of St. Peter and St. Paul, chairman of the commission, announced to day that he would resist to the utmost surrender of the key.

Mr. Summer and former U. S. District Attorney Edwin Sims, secretary of the vice-commission, appeared before Municipal Judge Cottrell to day in response to a subpoena demanding production of the key. The case was continued until next Saturday.

The key contains from 1,200 to 1,500 names concealed under symbols in the commission's published report. In a statement issued to day by Mr. Summer he defended his attitude in refusing to give up the key by asserting that it would furnish a complete vice directory of Chicago which would be demoralizing, that the information was obtained from confidential sources and that it is largely hearsay.

SOTENIA WON ENDURANCE.

Louisville, Ky., Oct. 7.—Sotenia won the four mile \$15,000 Kentucky endurance at Churchill Downs this afternoon in 7:10 4-5, establishing a new world's record for a four mile race. Colonel Holloway was second and Asco third. In 1911, Messenger Boy went the distance in 7:14 1-5.

Besides the winners' share of the \$15,000 event, amounting to about \$10,000, a gold cup was presented to a representative of Mrs. L. A. Livingstone, owner of the mare. The price of the winner in the Pari Mutuels was \$16.20 to \$2.

WOUNDED BY UNIDENTIFIED MAN.

Joliet, Ill., Oct. 7.—While walking through a park near Joliet, Edward Goble, a farmer, was shot down by an unidentified assailant. A young man fired four times at Goble without saying a word. Goble managed to get home, but is in a critical condition. Sheriff Stevenson and posse are searching for the assailant.

DEAF HAVE SPLENDID EXHIBIT AT STATE FAIR

Collection Planned by Illinois Association—Purpose is to Show State What Has Been Accomplished.

In the south gallery of the Dome building at the state fair is an exhibit prepared by the Illinois Association of the Deaf and it will attract the attention of many visitors. The collection includes arts and crafts work and is intended to give an idea of the industrial ability of the deaf people of Illinois.

No attempt has been made toward a classified exhibit. Everyone represented has chosen his (or her) own design and executed the same according to his individual judgment. The object in view has been to correct to some extent, certain erroneous conceptions of the general public concerning the deaf as a class.

Illinois Association of the Deaf is an incorporated body. Its general purpose is to advance the welfare of the deaf within the state of Illinois. It holds regular conventions triennially. It has the usual number of officers and an executive committee. At present it has a membership of about two hundred. It has in charge the raising of a fund for the establishment of a home for the aged and infirm deaf of Illinois. This fund now amounts to over \$9,000. Rev. P. J. Hasenstab, Chicago, is president, and Prof. E. P. Cleary, Jacksonville, is secretary of the association.

The deaf men and women of Illinois are to be found in every walk of life and are successfully engaged in a great variety of occupations. There are architects; artists; art teachers; authors; barbers; bookbinders; bookkeepers; cabinet makers; carpenters; clerks; contractors; coopers; copyists; dentists; draughtsmen; ministers; newspaper workers; electricians; engineers; factory workers; farmers; foremen; gardeners; garage operators; hotel keepers; harness makers; inventors; janitors; jewelers; knitters; theatrical mechanics; managers of moving picture theaters; mechanics; merchants; printers; photographers; lawyers; shoemakers; tailors; teachers; upholsterers; watchmakers; woodworkers. The deaf workman invariably makes good. When given a fair chance the deaf workman holds his own with his hearing brother in every instance. He is employed in every department of the federal government. He secured those places through the civil service and is holding them not through political "pulls," but by his own competency.

In a circular prepared for distribution the association says: "There are no deaf beggars in Illinois. All so-called deaf beggars are impostors. Have them arrested and receive the thanks of the association. Do not patronize deaf peddlers, they are in many cases impostors. The association is working to have a law placed upon the statute books making it misdemeanor punishable by fine and imprisonment to solicit aid on the plea of deafness."

Quack Doctors.
If you should have a deaf child, beware of quack doctors who care more for money than for the restoration of the child's sense of hearing. Many a child has been rendered permanently injured by unscrupulous quacks who have assured credulous parents that they could do the impossible. Be guided by the advice of a reputable aurist or by the superintendent of the School for the Deaf.

ON GOVERNMENT WORK.
O. S. Rayner of Braymer, Mo., is here in the interest of the government, relative to a scientific investigation of the cost of farm operations. This is a new line of work for the government, which expects to collect some valuable data. The government looked over the Illinois farm lands and concluded that Jacksonville was in the midst of the richest of the state, so this city will be made headquarters. Mr. Rayner expects to open up an office here and later will have an assistant.

URANIA LODGE INSTALLS OFFICERS

Occasion Also Fifty-Fifth Anniversary of the Organization—Picture of Only Surviving Charter Member Given Lodge.

A peculiar coincidence with the regular meeting of Urnia lodge No. 243 Monday night, was that the day was the fifty-fifth anniversary of the lodge. Officers were installed followed by a feast. Reports of all the officers showed gratifying gains in all departments of the lodge and everything looks good for a prosperous year.

Otto Speith, a member of the organization, presented the lodge a framed picture of W. D. Crowell of Tacoma, Wash., the only living charter member of Urnia. The picture will be given a place of honor in the parlors of the lodge and a committee was appointed to draft resolutions of gratitude and congratulation to be sent to Mr. Crowell. The event was duly celebrated, several rousing speeches being made. The lodge is also preparing for the big meet Oct. 24.

The following were the installing officers last night: Deputy grand master, Robert Tilton; Deputy grand marshal, Carl H. Weber; Deputy grand warden, T. M. Tomlinson; Deputy grand secretary, E. E. Henderson; Deputy grand chaplain, W. C. Howe; Deputy grand guardian, S. Baldwin.

The following were the officers installed: Noble grand—Frank J. Muehlhausen. Vice grand—Onias Seymour. Recording Secretary—Charles J. Roberts. R. S. N. G.—Carl H. Weber. L. S. N. G.—H. H. Vasconcellos. Conductor—Charles H. Goodey. Warden—John T. Roberts. R. S. S.—L. L. Vasconcellos. L. S. S.—L. A. Vieira. I. G.—John Schofield. O. G.—D. F. Cahill. R. S. V. G.—Herman Ellis. L. S. V. BRINGS SUIT AGAINST CITY.

Mrs. Ann Scott Alleges Damages to Extent of \$4,000 for Injuries Received.

Mrs. Ann Scott has instituted a suit against the city of Jacksonville, alleging damages in the sum of \$4,000. Mrs. Scott sets forth in the declaration filed by her attorney, J. O. Priest, that she fell into a ditch on Kosciusko street July 19, 1912. Mrs. Miller alleges that a ditch being excavated on that street was not properly safe guarded and that she fell into it at a point about 50 feet north of Edgmon street.

PROGRAM AT STATE STREET CHURCH.

The coming week at State Street church promises to be a full one. This evening, the ladies of the church will give a reception to all the members of the church. Wednesday night there will be a special prayer service in preparation for the communion service to be held next Sunday. On Thursday evening, at 6:30, the Brotherhood will hold a meeting, with an address by Rev. F. A. McCarty. A special program of music has also been arranged for that evening. Another reception will take place Friday night of which details will be made known later.

SOUSA'S BAND CHARMS HUNDREDS

Famous Musical Organization Appears in Matinee at the Grand Opera House.

Jacksonville music lovers were given a rare treat Monday afternoon, when Sousa's band appeared in matinee at the Grand opera house.

Perhaps no musical organization has scored so many triumphs in the world ver and accorded on every hand such recognition.

Mr. John Sousa is almost without an equal as a leader and with the magic sweep of his baton, toned the music from a crash to a dying whisper with such artistic effect, that the audience was veritably charmed.

Sousa is not only a leader but a composer and his three numbers in yesterday's program displayed the work of a great master.

Sousa has also gathered about him some wonderful talent and every man who plays a first instrument in every section of the band is capable of taking the solo work in any concert.

The personnel of the organization also includes Miss Virginia Root, soprano, Miss Nicoline Zedler, violinist and Mr. Hembert L. Clarke, cornetist.

They were accorded a great ovation by the audience and their work was pleasing in every detail.

Some of the musical critics were wont to take exception to the large amount of "rag time" that composed the greater part of the encores and expressed their wish that Sousa must have adhered closer to the classic.

While there are many who enjoy the classical music, Sousa has read the American mind pretty well, when he turned his attention to the "Stars and Stripes," "Fairness of the Fair," "Manhattan Beach" he struck a happy chord in the hearts of many and he was given a big applause at the close of each number.

Sousa and his band will ever be welcomed to the city. The organization went from Jacksonville to Springfield.

Springfield is a special train via the Chicago & Alton by way of Murrayville.

DR. BRADLEY DEAD FROM HEART DISEASE

Former President of Illinois College
Stricken at Home in the East—
Had Done Much for the Cause of
Education.

A dispatch received Monday night by Dr. J. Pitner and another to the Journal through the Associated Press announced the death of Dr. John E. Bradley at Randolph, Mass. Death was caused by heart disease and the end came without warning. For a number of years past Dr. Bradley has been engaged in writing educational books and treatises and his contributions to educational literature have been many and valuable.

Prior to coming to Illinois college as its president in 1892, he had been superintendent of the schools of Minneapolis. For eight years he lived in Jacksonville as the president of Illinois college and during that period both he and Mrs. Bradley devoted themselves unreservedly to the interests of the college, giving not only time and talent, but of their means as well. Dr. Bradley was a man of broad learning and Christian culture, and he had many warm friends here who will learn with sorrow of the sudden ending of his useful life.

John Edwin Bradley was born in 1839 in Lee, Mass. He graduated from Williams college in 1865 and subsequently was given the degrees LL. D. and Ph. D. He was married in 1870 to Miss Martha J. Gould, of Albany. He served as principal of the high school of Pittsfield, Mass.; principal of the high school at Albany, N. Y.; commissioner of education from the state of New York to the Paris exposition in 1878, and had been a member of the National Council of Education since 1889. As already indicated, for a number of years he had devoted his time to writing on educational themes. Dr. Bradley was a man who did much for his fellowmen and his work will be a monument to his memory.

FIGURES SHOW CATTLE SUPPLY DECREASING

Circular Issued by State Agricultural Experiment Station Calls Attention to Serious Problem.

The fact that the supply of beef cattle in the United States is decreasing as the population increases furnishes food for serious contemplation. The following article is compiled from a circular issued by the agricultural experiment station of this state and is well worth a careful perusal.

Exports of cattle and beef from this country gradually increased up to 1900, remained stationary for five years and then began to decline and unless a rapid increase in the production of cattle is soon the case in this country exports will practically cease in the course of not many years. The leading country of the world in the export of cattle is Argentina.

It is estimated that there are in the world 450 million cattle of which 74 million are in this country but considering the size and quality of our stock it may be said we have a third of the whole. In our country there are 77 cattle per capita while in Argentina there are 4.27, and in Italy 18.1. In our country there are 23 cattle per square mile while in Belgium there are 164 and two in Canada.

The question has also often been raised regarding the profit in feeding cattle on high priced land like that in Morgan county and that is a question to be settled by careful experiments.

Denmark is a country which sets us an example worthy of consideration. While cattle there are largely for dairy purposes which is followed to a great extent still Denmark raises a surplus of beef and exports quite a quantity annually. In 1910 it amounted to 105,000 live cattle and 25,500,000 pounds of beef and if that little country can do that on its high priced land and with its dense population then the lesson for us is obvious.

Certainly there is room yet for our country to increase its production of cattle when we remember that Belgium produces 164 cattle per square mile and Illinois only 56. Denmark comes second in the list with 144, then Holland with 135, Germany with 99, the United Kingdom with 87, France with 69, Austria Hungary with 64 and other lands with less till we come to the United States with but 23 and while allowance must be made for mountains, desert and the like still we are producing comparatively few per acre.

Our country excels in the export of live cattle as shown by the figures given in 1900. The United States exported of live cattle, 397,000, Canada 206,000, Argentina 151,000. In 1905 the figures for the above named countries were respectively, in the order named 568,000, 167,000 and 263,000 and in 1910 the figures were 139,000, 157,000 and 90,000. As showing the value of our cattle the U. S. cattle were in the last year worth \$12,200,010, the Canada \$10,800,000 and the Argentina \$3,901,000.

Of the cattle exported Great Britain takes about 85 per cent. Finally a condensed table is given showing the decline in our exports beginning with 1905, the figures are for that and each succeeding year. The first column shows the number of live cattle and the second the number of pounds of dressed beef sent out of the country:

Live Cattle.	Dressed Beef.
568,000	359,000,000
584,000	414,000,000
423,000	361,000,000
349,000	272,000,000
208,000	183,000,000
139,000	127,000,000

ROOSEVELT WILL NOT GET TO STATE FAIR

Third Party Members Disappointed at the Change of Plans—Roy O. West Issues Statement for Republicans.

Chicago, Oct. 7.—"Disappointment and gloom reign in the Moose state headquarters because Colonel Roosevelt has decided to remain from the state fair," said State Chairman Roy O. West to day in reviewing the week's campaign.

"They had the stage set for the colonel to make a great demonstration," said Mr. West. "His appearances at the state fair in Springfield where he would have seen the largest number of people outside of Chicago, possibly in the middle west, would have enabled the state candidates to appear with him. It was figured that Funk would benefit greatly from this great gathering through association with the colonel. But now old general gloom has taken possession of Mooseville because of the absence of the leader and the little mooseers are running around in circles asking each other if the abrupt abandonment of the Illinois speaking trip is to be construed into a desertion of the state ticket."

"According to the newspapers Col. Roosevelt will make only one speech in Illinois and that in Chicago. This brings no encouragement to Mr. Funk and his friends who wanted him down state."

"During the week Governor Deneen and other state candidates have spoken in the northern part of the state. They have been listened to by splendid audiences everywhere. The people are awakening to the true situation. They recognize unanimity in the attacks Funk and Deneen are making upon Governor Deneen. Those united attacks are confessions of their own weakness and a recognition by both of them that Deneen is the leading candidate. It further illuminates the tactics of the Moose leaders and shows the new party in Illinois to be a Democratic aid organization."

"The election Nov. 5 will be decided by the silent vote. There will be 450,000 voters who expressed no preference at the April primaries. In their hands lies the success of the national and state ticket. Our polls indicate that the voters are making up their minds to stand by the Republican candidates. The people know Governor Deneen's magnificent record of progressive achievements. They also realize that Funk has no show whatever of winning and they will not waste their votes. In the 1908 election there were 1,154,612 votes cast for governor. At the April primaries 750,848 were cast. From now until Nov. 5 other Democratic candidates polled 299,345 or 151,405 fewer than Bryan in 1908. The Republican candidates for governor polled 433,657 votes or 189,270 fewer than Taft in 1908. These voters will determine the result of the election. From every section of the state come reports that Republicans are lining up for the ticket. The first aid to the Democratic party—the Funk ticket—is recognized as a losing proposition and the fight is between Deneen and Deneen. We have no fear of the result. Deneen grows stronger daily and the voters realize the situation. From now until Nov. 5 it is simply a question of increasing Deneen's majority."

Arrangements have been completed for the gathering of the Republicans at the state fair in Springfield Thursday, Oct. 10. There will be more prominent Republicans interested in the success of the Republican ticket together on that day than since the campaigns of 1896, when the party was amalgamated in its struggle against the silver cohorts. Speeches will be made at the Coliseum in the fair grounds at noon and at night in the house of representatives in the capitol, where the party workers will assemble.

HARD BLOW GIVEN FUNK'S CANDIDACY

Uncle of Third Party Gubernatorial Nominee Declares Against Him—Is For Deneen.

Chicago, Oct. 7.—The hardest blow yet administered to the waning Funk candidacy was administered by his uncle, Lafayette Funk, of Bloomington. Mr. Funk declares himself unequivocally for the re-election of Governor Deneen.

Lafayette Funk has been conspicuous in Illinois affairs for many years and several terms was president of the state board of agriculture. In a letter addressed to A. F. Grout of Winchester, Republican nominee for trustee of the University of Illinois, Lafayette Funk makes the declaration that every farmer should cast his vote for Governor Deneen in November.

A letter to Mr. Grout says:

"Shirley, Ill., Sept. 27, 1912. We are very much interested in the success of your re-election as trustee of the University of Illinois. The farmers of the state are convinced of the fact that you have succeeded in greatly developing the efficiency of the university along agricultural lines and all who know what you have done to promote the farming industry of the state, will vote for your re-election."

"The Illinois farmer has had too much prosperity under the state and national Republican administrations to run any risk of a change in party management."

Governor Deneen has made an excellent chief executive of the state and every farmer who wants a continuance of clean, honest administration will vote for him next November.

"You can count on my best efforts and vote for the election of Governor Deneen and the success of all the candidates on the state and national Republican ticket."

(Signed) "Lafayette Funk."

The smashing shot at the Bull Moose third ticket aspirant for the governorship coming on top of the practical refusal of Col. Roosevelt to take the stump in Illinois in the effort to line up the Roosevelt vote for Funk, appears to the Republican state managers as just about all that the Bull Moose party in the state can stand.

Republican state headquarters were advised that the Bull Mooseers had become thoroughly disheartened at the failure of Roosevelt to enter the state Tuesday as had been advertised, as they had fully expected that the colonel would make a savage attack upon Gov. Deneen and Gov. Hadley of Missouri, and give out the word that loyalty to him would demand that his supporters be as loyal to Funk and the men named with him on the Bull Moose state ticket.

Republican day Thursday at Springfield, promises to be a tremendous event. Arrangements have been made whereby Senator Burton of Ohio will speak from the same platform Thursday noon at the Coliseum mass meeting on the state fair grounds, with Gov. Deneen and the Republican state candidates. Senator Burton is traveling with the "tariff train" sent out by the Republican national committee through the mid-western states, to present the Republican view of a protective tariff. The train will be in Springfield on that day.

Gov. Deneen and the Republican state officers start out Monday morning for the final lap of the preliminary speaking campaign in the special state train. They will speak in eastern Illinois counties for three days and arrive in Springfield Thursday morning.

To night, if you feel dull and stupid, or bilious and constipated, take a dose of Chamberlain's Tablets and you will feel all right tomorrow. For sale by all dealers.

INITIAL PERFORMANCE OF
GREATEST OF BASEBALL
SHOWS "NEW YORK VS BOS-
TON."

BOTH HAVE NEARLY THE SAME AVERAGE

Red Sox Supporters Express Little
Worry Over Stahl's Comparative
Inexperience Against McGraw's—
Giants Have Never Finished Be-
low Third Place.

New York, Oct. 7.—For the twenty-first time in history and for the eighth time under the auspices of the modern national baseball commission, the casts are arranged and the scenes set for the greatest baseball shows. The performance is entitled this year, for the first time, "New York vs. Boston."

For honor of participating in this season's climax over 500 individual aspirants were enrolled. They hailed from every section of the United States and grouped under the leadership of sixteen different club managers, engaged all summer in the competitive rehearsals known as major league pennant races. Many were pit asid as unqualified for their parts. Others shone individually as brilliant stars. It remained, however, for Managers John J. McGraw, of the New York Nationals, and Garland (Jake) Stahl of the Boston Americans to emerge with the two best companies of players. The manner in which they accomplished this end differs in points which are interesting to view as the curtain rises on the world's championship series.

The pitchers for the opening game was problematical tonight. When Manager McGraw was asked who he would send in tomorrow he only smiled. Mathewson was most talked about, however. The veteran pitcher, Marquard and Tesreau did some warming up today but none gave any indication whether he would face the Boston men tomorrow. All the baseball experts, however, feel it will be Mathewson.

The Red Sox of the Polo grounds had not yet closed for the day when men and boys began gathering to form a line for tomorrow. After dark the crowd and soon a line formed that increased as the hours passed. Police were on duty to keep order. Scores of the waiting fans brought camp stools with them and blankets to protect them from the cool night air.

McGraw vs. Stahl.
McGraw, the "Little Napoleon of baseball," has, with this year's company, turned out four pennant winning teams, including one world championship club in 1905. In all of the nine years since he came from the Baltimore Orioles to take charge of the Giants in 1903, his men have never finished below third place. With this record, at 39 years, McGraw is a veteran in comparison with the Boston manager at 32, who is enjoying his first success as the head of a champion team.

It is an interesting coincidence that in 1903, the same year that McGraw undertook the leadership of the Giants, Jake Stahl, as a college man starting both on the diamond and gridiron for the University of Illinois, was discovered by a Boston American scout and brought east. That same year as a recruit catcher on the Boston team Stahl sat on the bench and watched his teammates

win their first and only world's championship from Pittsburgh.

In the excitement of world honors at the time Boston apparently lost sight of the promising Stahl and let him go to Washington. He was manager of that team for a time, but was so little appreciated there that he was offered for sale to Chicago. He refused to go, but in 1908 he was handed over to the New York Americans. They promptly traded him back to his first love, Boston, and he came into his own as the mainstay of a good but unfortunate team. He decided last year to give up the game to try banking in Chicago. In his absence Boston experienced still greater misfortunes and slumped to fifth place in the American league.

It was from this slough of despond that Stahl, after returning to Boston last spring as playing manager, helped the new owners, Robert McRoy and James McAleer, to rescue the club. With practically the same personnel as the 1911 team, strengthened in places, he has developed the contenders for world's honors and brought baseball enthusiasm in Boston back to the pitch at which Jimmy Collins held it in his prime.

In the battle of managerial wits which is always to be reckoned with in a world's series, the Boston sup- porters express little worry that Jake Stahl's comparative inexperience in such crucial test will be matched unfavorably against the veteran McGraw.

Both are playing managers, but Stahl is entitled to be so called more than the Giants' leader, for he will probably be found in the world's series at his usual place on first base, a position at which few men today in baseball have better records. McGraw, however, while always in his ball togs and once a famous player, is now seldom in action, devoting his whole time to the strategy of the game.

Reviewing briefly the courses the two clubs have run this year, it is striking to note that they won the pennant in their respective leagues with practically the same average. The Giants began their season under the most favorable circumstances and at the expense of their weaker competitors they tallied off with a lead which stood at fifteen games in June but which dropped almost to danger point in September. It was not until within ten days of the season's close that they wholly disposed of Chicago's faint chance of displacing them.

The Red Sox of Boston led a more consistent race and won the American league pennant a week before the Giants clinched theirs.

J. G. Criswell, a painter living at 540 North Mulberry street, Hagerstown, Md., states: "I had kidney trouble with a severe pain across my back and could hardly get up after sitting down. I took Foley Kidney Pills and soon found the pain left my back. I could get up and down with ease, and the bladder action was more regular and normal." Try them. City Drug Store, J. A. Obermeyer.

THE SUNDAY SCHOOL

GRADED UNION
The graded union will meet Wednesday afternoon at 3:30 o'clock at Grace church. Discussion of problems will occupy the first part of the hour. During the last part of the hour the teachers of the different grades will meet in groups to discuss next Sunday's lesson.

Mrs. T. A. Towne, 107 6th street, Watertown, S. D., writes: "My four children are subject to hard colds and I always use Foley's Honey and Tar Compound with splendid results. Some time ago I had a severe attack of the grippe and the doctor prescribed Foley's Honey and Tar Compound and it soon overcame the la grippe. I can always depend upon Foley's Honey and Tar Compound and am sure of good results." City Drug Store, J. A. Obermeyer.

BOTH TEAMS READY FOR BIG BATTLE

NOT A REGULAR WILL BE MISSING.

Giants Meet Highlanders in Final Practice—Boston Red Sox Arrive and Obeyed Orders by Retiring Early.

New York, Oct. 7.—Like two armies on the eve a battle, the New York Giants and the Boston Red Sox slept on their arms to night, dreaming of victory tomorrow. After the long and successful campaign in their respective leagues they were ready for the big engagement that means for them fame and money. It will be the ninth meeting of the pennant winning teams of the National and American Baseball leagues under the present dual organization system and the winner will break a tie that exists between the two leagues.

Last reports from the rival camps show that not a regular will be missing from the batting list when the umpire says "play ball" for the first struggle of the series. The Giants had their final workout at the Polo Grounds this afternoon, their opponents being the New York Americans, tailenders of the 1912 American League race, who won the game 4 to 2. Russel Ford, star pitcher of the Americans served up his puzzling benders to the National leaguers.

The Boston Red Sox arrived to night. Orders were for an early retirement and most of the men after reaching their hotel went to their rooms and did not leave them. If there were any players among the American league champions who were not in condition to play, Manager Jake Stahl would not admit it and certainly appeared so. The visiting team had its final practice at Fenway park, Boston, early in the day and Manager Stahl was so well satisfied with the showing of his men that he will not send them to the American league park tomorrow for a final light workout.

Betting on the world series does not appear to be as general as had been expected. Boston money was to be seen in larger quantities than New York cash, but supporters of the Giants taking advantage of the fact that the Boston team seems to be favorite in the betting are holding out for better odds. Odds of 10 to 8 were made to day and it is not likely that the betting will go to even money.

Mrs. Peter Holan, 11501 Buckeye Road, Cleveland, O., says: "Yes, indeed I can recommend Foley's Honey and Tar Compound. My little boy had a bad case of whooping cough, some time he was blue in the face. I gave him Foley's Honey and Tar Compound, and it had a remarkable effect and cured him in a short time." Contains no harmful drugs. City Drug Store, J. A. Obermeyer.

FAMOUS HOUSE BURNED.

Lancaster, Wis., Oct. 7.—The home of Hamilton Garland, the famous author at West Salem, was burned today and the author had a narrow escape from death. CUB-SOX SERIES OPENS TODAY

Walsh Will Oppose Cheney—Indications Are That a Capacity Crowd Will Witness the Contest.

Chicago, Oct. 7.—Manager Callahan of the Chicago American league club tonight selected Pitcher Walsh to oppose Cheney tomorrow in the opening game of the series between the Chicago White Sox and Cubs to decide the baseball championship of Chicago.

Indications were that a capacity crowd would witness the contest. Every reserved seat was sold to night. The games will be played alternately at the American and National league parks until one of the teams has won four games. Umpires Owens and Brennan of the National league and Connolly and Diunne of the American league will decide the play.

C. P. & ST. L. TRAIN, NO. 38.

Will leave Jacksonville at 4:40 p. m., instead of 3:20 p. m., October 4 to 12th inclusive and will be one hour and twenty minutes late at all other stations. Connections with main line trains will be made at Havana.

NATIONAL LEAGUE TO MEET.

New York, Oct. 7.—There was much speculation in baseball circles here tonight as to the meaning of the calling of a special meeting of the National league by President Lynch tonight to be held a day or two after the close of the world's series and the Chicago city series. While nothing could be learned from the league officials, baseball men believe the special meeting will have something to do with the recent statements of Horace S. Fogel, president of the Philadelphia club, with reference to umpires favoring the New York team in their decisions.

DIVISION OF WORLD SERIES RECEIPTS

TEN PER CENT OF FOUR GAMES TO NATIONAL COMMISSION.

Sixty Per Cent of Money From These Contests Goes to the Pool For the Players—Records of Previous Series.

Receipts of the games for the world series are to be divided as follows:

For the first four games, 10 per cent. of the receipts goes to the National Commission; 60 per cent. goes to the pool for the players (60 per cent. of this pool to the winning players and 40 per cent. to the losers); remaining 30 per cent. of the total receipts is equally divided between the two club owners. All the receipts of games after the fourth go to the club owners.

The financial record established last year was the highest of any worldseries to date. The total receipts for the six games was \$342,264. Of this each of the 21 Philadelphia American players, as winners, received \$3,654, while each of the losing New York National players received \$2,436.

Umpires for World Series.

Abitration of the close plays in world championship games is vested in a force of four umpires, or twice the number in ordinary games. One is stationed behind the plate, one about the bases, and two in the outfield.

The selection of the umpires is made by the presidents of the two major leagues, each choosing two from his staff. The choice this year fell upon:

William Klem and Charles Rigler, representing the National League.
William Evans and "Sik" O'Loughlin, representing the American League.

Mr. Klem is the only one of the four who participated in last year's series, although all of them are veterans as big league umpires and are generally popular with the baseball public.

Previous World Series.

The first baseball game recorded as played for the "championship of the world" was in 1884 when Providence of the National League, defeated the Metropolitans of New York, 3 to 0. In the 27 years since then there have been 18 other world series staged, the last eight of which, since 1903, has been under auspices of the National Baseball Commission.

The Boston American won this first series under the commission auspices, from Pittsburgh. In 1904, the following year, the Giants and Red Sox were, as now, the pennant winning clubs in the two leagues, but no world series was played. Thereafter, however, the games have been arranged annually, and in the eight series there have been 48 games played, of which the National League clubs have won 24, and one was tied.

Giants vs. Red Sox in 1909

The present contender for world honors in baseball met in a post-season series three years ago which Boston won over New York by 4 games to 1. Although that result has but a remote bearing upon the present series, it is of interest for practically all of the present Giants and many of the Boston players have faced each other then. Boston has added the greater number of new faces, but Joe Wood, its star pitcher, 12 hits, including two home runs opposed Mathewson at that time, and a three bagger.

The Chicago Cubs have signed J. C. Sheburn of Concord was Mike Heekinger, a Racine, Wis., among the business callers in the city yesterday. He hit for 313 in the yesterday.

RABE TAKES 2:07 PACE IN EASY FASHION.

LOTS OF SPEED AT STATE FAIR RACES

Indications Are Good For Successful Week's Program—The Reverend Takes 2:21 Pace and Mildred Togo Piloted to Victory in Three-Year-Old Trot.

Springfield, Ill., Oct. 7.—With a fast track and an abundance of speed on hand to contend for the purses hung up by the state board of agriculture, the state fair races opened here today with every indication that the week's program will be a success in every particular. Three harness events and two running races made up today's card. The program included the 2:21 pace, 3-year-old and under trot and the 2:07 pace, the one mile running "Hotel Stake" and the six furlongs selling race.

In the 2:07 pace the feature event of the day, Babe, a brown gelding who last week won at Columbus in 2:04 1/4, won in easy fashion in straight heats. The last heat, the fastest of the race, was paced in 2:06 1/4.

Summary.

2:21 pace, purse \$1,000—The Reverend (Calder), won; T. R. (Wisecarver), second; Tom Riley (Jones), third. Best time, 2:12 3/4.
2:07 pace, purse \$1,000—Babe (Jamison), won; At Will (Tell (Amundsen), second; Early Thacker (Jones), third. Best time, 2:06 1/4.
Three-year-old and under trot, purse \$1,000—Mildred Togo (Ervin) won; The Right (Grubb), second; Madden (Green), third. Best time, 2:11 3/4.

Mrs. Paul Wehling, 316 Smith St., Peoria, Ill., had kidney and bladder trouble, with terrible backache and pain across the hips. "I imagine her condition. She further says: "I was also very nervous, had headaches and dizzy spells and was fast getting worse when I took Foley Kidney Pills, and now all my troubles are cured. Foley Kidney Pills have done so much for me I shall always recommend them." City Drug Store, J. A. Obermeyer.

TARIFF TRAIN AT OMAHA.

Omaha, Neb., Oct. 7.—The Republican "tariff train" which is following Governor Wilson's itinerary, arrived here today. Senator Burton of Ohio, who is in charge, addressed a gathering of business men at the Omaha Commercial club, where he was a guest at luncheon. He also spoke at the Livestock Exchange at South Omaha.

Carigan and Myers were opposing

catchers.
In the first game Mathewson, although hit harder than Wood, defeated the youngster by a score of 4 to 2. In the fourth game it was Mathewson against Ray Collins, who is still on the Boston pitching staff, and the latter shut out the Giants 2 to 0. The wonderful batting of Speaker, still the star hitter of Boston, was really the feature of the series. At bat 21 times, he made faces, but Joe Wood, its star pitcher, 12 hits, including two home runs opposed Mathewson at that time, and a three bagger.

The Chicago Cubs have signed J. C. Sheburn of Concord was Mike Heekinger, a Racine, Wis., among the business callers in the city yesterday. He hit for 313 in the yesterday.

RED SOX WHO CONTEST GIANTS FOR WORLD'S CHAMPIONSHIP

Boston, October 5.—No member of the team which will strive next week to capture the world's championship for Boston calls this city his home. Only three of the players, in fact, live in Massachusetts. The homes of the others are scattered through a dozen states, three coming from distant California.

Garland (Jake) Stahl, the playing manager, is the oldest member of the team, but he is only 31. Heinie Wagner, captain and shortstop, has been the longest in baseball, rounding out 11 years this season. A number of other interesting facts stand out in the following statistics regarding the players:

SAVED FROM AN OPERATION

How Mrs. Reed of Peoria, Ill., Escaped The Surgeon's Knife.

Peoria, Ill.—"I wish to let every one know what Lydia E. Pinkham's Vegetable Compound has done for me. Fortynine years I suffered. The doctor said I had a tumor and the only remedy was the surgeon's knife. My mother bought me Lydia E. Pinkham's Vegetable Compound, and today I am a well and healthy woman. For months I suffered from inflammation, and your Sanative Wash relieved me. I am glad to tell anyone what your medicines have done for me. You can use my testimonial in any way you wish, and I will be glad to answer letters."—Mrs. CHRISTINA REED, 105 Mount St., Peoria, Ill.

Mrs. Lynch Also Avoided Operation.

Jessup, Pa.—"After the birth of my fourth child, I had severe organic inflammation. I would have such terrible pains that it did not seem as though I could stand it. This kept up for three long months, until two doctors decided that an operation was needed.

"Then one of my friends recommended Lydia E. Pinkham's Vegetable Compound and after taking it for two months I was a well woman."—Mrs. JOSEPH A. LYNCH, Jessup, Pa.

Women who suffer from female ills should try Lydia E. Pinkham's Vegetable Compound, one of the most successful remedies the world has ever known, before submitting to a surgical operation.

HAIR TELLS CHARACTER. Color of Hair Said to Indicate a Person's Temperament.

Many people believe that blonde, or light hair denotes affection and dark hair constancy. A person without hair is not devoid of character; far from it. The disposition of the average bald-headed man is to show such solicitude for the welfare of others, that he neglects himself. A germ causes business. Prof. Sabouraud, of Paris, France, inoculated a rabbit with Dandruff germs, causing it to become totally bald in five weeks' time. COUNTY TEMPLES OF LEARNING

Pleasant Visit of a Journal Reporter With Some of Our Country Schools.

The Journal again begins visiting some of the schools of the country and while it may not be practicable to see nearly all an endeavor will be made to see as many as possible and mention in a kindly manner both the attractions and defects noted.

The Journal does not pretend to be an authority on matters of education, nor to go about in a self-satisfied, arrogant manner, but desires to get better acquainted with all our rural schools, to suggest what may be improved and to encourage in a kindly way what needs correcting. The hope is that these efforts will be received in the same spirit in which they are made.

Monday two schools were visited and in each the writer was most cordially received and every facility afforded him for making all the investigations he desired.

The first school visited was The East Liberty School. This building is delightfully situated about eight miles southwest of the city and is surrounded by noble trees which afford plenty of shade all day and do not too much overshadow the building.

The teacher is Miss Zoe Tyrrell, daughter of ex-Mayor Theodore Tyrrell, so well and favorably known in this city. The young lady was loud in her praises of the directors who, she said, were always good to supply her with all needed apparatus and all else needed for the good conduct of the school. The seats and desks are new and of good pattern, the building is heated with a modern floor furnace and last winter being so cold they put in the old stove in addition so as to be sure that the children should have plenty of heat. Miss Tyrrell said that had supplied her with an anti-dust preparation for sweeping and in general she had a good report to make.

Considerable attention is paid to agricultural studies and the children have been bringing specimens of seed corn and have with them quite a creditable display of that useful grain and Thursday the ears to be judged probably by one of the directors. There are some fine ears on exhibition and much generous rivalry has been aroused.

The visitor told the children of some of his travels and then requested the children to ask a lot of questions and several responded.

A few suggestions are respectfully offered. The coal shed is a bit dilapidated. Some pictures of eminent men would look well on the walls and would not be very expensive.

A few more books could be used to advantage. The teacher has a lot of blocks, cut up alphabets, cut up animals, various books or designs for children to copy and a number of little things she has introduced herself, which are a great help and stimulus to the little ones.

On the whole the visit was very pleasant and much enjoyed.

The directors are Frank E. Drury, B. W. Negus, Mrs. James Holmes. The pupils are: Russell Bennett, Sara Davis, Anna Belle Drury, Tomlin Drury, Helen Holmes, Julia Holmes, Stewart Holmes, Frank Lewis, Oda Lewis, Prentice Lewis, James Ledford, Frank Mann, George Mann, Bennie Negus, Esther Negus, Ivan Senters, Roy Senters, James Spradlin, Elmer Strawn, Howard Strawn, Bertha Antle, Ionia Antle.

Prairie College. The next school visited was situated a little nearer the city and not far from the residence of Judge Geo. W. Moore and a merry troop of boys and girls made things pleasant about the premises as it was recess time. On the fence in front sat a number watching things in general and reminded the visitor of a bevy of—let us say doves—viewing the landscape.

The visitor told them they made him think of a story which didn't wholly apply but he told it anyhow. A man somewhat given to exaggeration said he was out hunting one time and saw a dozen turtle doves sitting side by side on the limb of a tree. He pulled away and his bullet hit the limb of the tree in such a manner that it split it the whole length and it caught the feet of all the birds and held them fast and he had to go to a near by house and borrow a hatchet to cut off the limb so he could get his birds.

The writer had no idea of shooting at the young people nor of capturing them in any such way but he was reminded of the story anyhow. The teacher of the school at Prairie College is D. J. Staley, who is somewhat of a veteran in the calling though he is yet a comparatively young man. The directors are J. W. Arnold, J. D. DeFrates, George Holley.

The building is in a good sized lot with some fine shade trees about it. A few more could be set out to advantage on the north part of the lot but still all looks well in that respect. The building is in good condition, well provided with heating apparatus while inside it has been newly papered and the woodwork varnished. The school needs some books and for the walls some pictures of eminent men and historic scenes. The teacher and pupils are

planning to have an entertainment in the near future in order to secure money for this worthy object.

The pupils were attentive to the story the writer told of scenes in foreign lands and were well behaved. They didn't ask as many questions as he would have liked though they propounded a few inquiries.

On the whole a favorable report is given of the two schools visited and others are on the list for future calls.

The pupils of Prairie college and the studies are: James Arnold, Everett Arnold, Levert Arnold, Louise Broumley, Charles Danneberger, Marie Danneberger, Catherine DeFrates, Oral DeFrates, Martha Holley, Malcolm Hulett, Goldie Lindsey, Fannie Luster, Troy Luster, Levi Norfleet, Vernon Norfleet, Ella Robinson, Minnie Robinson, Roy Robinson, Paul Scott, Joel Sinclair, Hattie Waiters, Glenard Whitaker, Leonard Young, Earl Cooper, Mamie Fowler, Velma Behmyer, Lola Waiters.

Studies. Reading, Arithmetic, Geography, History, Grammar, Physiology, Penmanship, Agriculture, Penmanship, Spelling, Language.

SHOWS LOW TAX RATE

GOVERNOR COMPARES ILLINOIS WITH ELEVEN OTHER STATES.

Cost of Maintenance to Citizens is Far Below That of Commonwealths in Same Class—Lower Than Municipalities.

Aurora, Oct. 2.—Governor Deneen spoke to a large audience in Aurora tonight. He was accompanied by the following candidates on the state ticket: Lieut. Gov. John G. Oglesby, Secretary of State C. J. Doyle, Attorney General William H. Stead, Auditor James S. McCullough, Hon. Andrew Russell, candidate for state treasurer; Hon. B. M. Chipfield and Hon. William E. Mason, candidates for congressmen-at-large. He devoted a part of his attention to the tax rate of Illinois, which is much lower than any other state of similar importance in the country. In the course of his remarks he said:

"Is our state government extravagant? The best way to test this is to compare its expenditures with those of other states of like character and condition.

Per Capita of Taxation. "I cite the annual per capita disbursements of several states to show the relative lowness of Illinois expenditures:

Illinois, average per capita disbursements for the years 1911-12 \$2.62
Wisconsin, for the year 1908 4.23
Michigan, for the year 1909 4.22
Indiana, for the year 1910 3.12
California, for the year 1908 6.86
Colorado, for the year 1906 7.03
Massachusetts, for the year 1909 3.85
Minnesota, for the year 1909 6.12
New Jersey, for the year 1908 3.34
New York, for the year 1910 6.30
Pennsylvania, for the year 1903 3.91

"A complete comparison of the per capita disbursements of all the states shows that Illinois disbursements are much lower than 70 per cent and slightly higher than 30 per cent of those of the other states.

Answers Mr. Dunne.

"These facts answer and refute Judge Dunne's charges and show that his campaign on finance, if sincere, is an effort to make progressive advancement toward a lower standard of government and place Illinois with the more backward states. Again, Illinois state taxation is not high or extravagant. The tax rate has been uniformly 30 cents, or its equivalent under the other basis of assessed valuation during my terms of office. It is now 35 cents on the \$100 of assessed property valuation. Two years ago it was 30 cents. The increase was made necessary largely to meet the \$8,403,180 appropriated for extraordinary and permanent improvements in the various institutions.

Increase in School Fund.

"But notwithstanding these extraordinary appropriations, the general revenue fund was increased only from 25 cents to 26.2 cents on the \$100 valuation, or a net increase of 1.2 cents and the school fund, by reason of the additional million dollars per annum appropriated to the school districts, was increased from 5 cents to 8 cents and 8 mills on the \$100, or an increase of 3 cents and 8 mills on the \$100. Again I say, is this 'staggering, extravagant, wasteful' extravagance of which he complains in his statement and his platform? The state tax is lower than the tax imposed by any municipality in Illinois and can hardly be noticed in the aggregate taxes for county, township, city, roads and bridges, bond taxes, school taxes, parks and other purposes."

The Three Fates in Greece. The peasantry of Greece firmly believe that the future of every child is determined by three fates, known as the Moral. The trio is supposed to be three old and wrinkled women who dwell in a mountain cave and who come simultaneously to the house in which a new baby has made its appearance. In order that their aged and uncertain feet may not be hindered, all furniture is carefully set aside, and honey, cakes, bread and wine are set out so that the important though invisible guests may refresh themselves. If the household is sufficiently wealthy to possess a little real money, this, too, is placed on the table with the food. All things, good and bad, are in the hands of the three fates. On no account must the child's beauty be alluded to at the time when the visitors might be present. To do so would cause its good looks to instantly disappear. Nothing must be said to annoy or displease the Moral, and this makes the situation a bit difficult, as no one is quite sure what might or might not displease them.

David Garrick's Realism. In depicting moments of mental anguish, disorder and passion David Garrick was unequalled. "I liked him best in 'Lear,'" says a contemporary. "His saying in the bitterness of his anger, 'I will do such things—what they are I know not,' and his sudden recollection of his own want of power were so pitiable as to touch the heart of every spectator. The simplicity of his saying, 'Be these tears wet? Yes, faith,' putting his finger to the cheek of Cordelia and then looking at his finger, was exquisite." And in reference to the same character another tells us: "He rendered the curse so terribly affecting to the audience that during the utterance of it they seemed to shrink from it as from a blast of lightning. His preparation for it was extremely affecting; his throwing away his crutch, kneeling on one knee, clasping his hands together and lifting his eyes toward heaven presented a picture worthy of the pencil of a Raphael."—"David Garrick and His French Friends."

Strength of a Spider's Web. When taking into consideration the materials employed, the size of the insect and the thickness of its thread the web of a spider is almost incomprehensibly strong. Late experiments have shown that a single thread of a web made by a spider, which weighed fifty-four milligrams, supported endwise a weight of four grams, or seventy-four times the weight of the spider itself. When a spider spins a web to let himself down from the ceiling or from the branch of a tree we may be certain that he is in no danger of falling, but that he could carry many more of his kind on the same thread. The threads of the web when interwoven and re-enforced one by another have a very considerable strength and are able to hold bees and wasps, themselves very powerful in proportion to their size, and to bend without breaking under a weight of dew and rain.

Under the Carriage Wheels. Furling driving was one of the charges brought against the French aristocracy at the revolution. Said Mercer: "In Paris the people are weak, pallid, stunted—a class apart from other classes in the state. The rich and the great who possess equipages enjoy the privilege of crushing them or of mutilating them in the streets. Hundreds of victims die annually under the carriage wheels."

"I saw," wrote another observer, Arthur Young, "a poor child run over and probably killed and have myself many times been blackened with mud. If young noblemen in London were to drive their chaises in the streets as their brethren do at Paris they would speedily and justly get very well thrashed or rolled in the kennel."

Fish That Take Cold. Fish are not equipped to combat rapid changes in temperature because the temperature of the water in the ocean, lakes and rivers beneath the surface remains virtually stable. Some fish, such as carp and trout, when taken from warm water and placed in water several degrees colder take cold. The cold attacks the skin and the fins, and various portions of the skin present a cracked, ridged appearance. If returned to warm water the fish usually recover, but sometimes the disease, which seems to be a sort of eczema, eats into the muscles of the fish and proves mortal.—New York Sun.

The Beard in Tunis. In Tunis when a reigning prince finds it necessary to go outside his immediate family to choose his successor he follows an old custom. There the wearing of hair on the face is the exclusive privilege of sovereignty. When the prince selects a successor he sends the court barber to the fortunate individual to notify him that he may wear a beard. This intimation is equivalent to a formal announcement that he has been selected as the heir presumptive.

Awful Fix. "Peggy's in a terrible fix." "What's the trouble?" "She's just counted up and found she's refused a dozen offers of marriage, and now, though she's crazy to marry Dick, she's afraid to accept him because he's the thirteenth."—Boston Transcript.

Suitable Argument. "How did you manage to meet that carpet man's argument?" "In a business way. I just floored him."—Baltimore American.

The man who forgets to be thankful has fallen asleep in life.—Stevenson.

the Christian church Sunday school is the Delta Alpha, taught by Miss Marie Flaney. The young ladies pleasantly combine the social with other features of class work and have regular monthly meetings for business, sociability and good times generally. Last evening was the date for October and the young people gathered at the church where they transacted their business and

then had a happy time socially, at which nice refreshments were enjoyed. It is needless to add that the club is doing good work and accomplishing much in the way of preparing useful lives.

The Ladies' Aid society of the C. S. congregational church will meet in Sunday school room at 2:30 this afternoon.

STATE NEWS.

New Bridge at Galena.—The Illinois Central is contemplating the erection of a new lift bridge at Galena. It is to replace the old fashioned draw used there at present and it is claimed it will be the only one west of Chicago in a radius of 200 miles.

To Vote on Township High Schools.—Macoupin county is about to vote on the township high school question and much enthusiasm is aroused over the matter which it is thought will carry as the district schools are now badly crowded and are not doing their best work.

Status Not Changed.—For some time the Congregational church at Roodhouse has been without a pastor and recently there was a church meeting at which it was decided that nothing at present could be done.

Quick Rescue.—Mrs. Nich Flach of Belleville heard some one splashing in her cistern and at once gave the alarm which aroused a number of neighbors and one descended into the cistern and calling for a rope said he had the drowning person by the hair. The rope was brought and the victim proved to be a goat.

Playgrounds at Canton.—A strong movement in favor of playgrounds has been started at Canton and a number of sites connected with the public schools have been selected and an urgent appeal for contributions for apparatus is being made.

Found Possum Coiled up in Cotton.—A day or two since a clerk in a store in Carrollton was overhauling the contents of some unused boxes in the second story when he found a possum coiled up in a roll of cotton apparently fixed for the winter. How it managed to get there is a question.

Gun Club Formed.—Sportsmen in Macomb and vicinity have organized a gun club with thirty-five charter members and start off with high expectations. Nothing of the kind has been known there for years though once there was a good club in the place. The officers are:

Howard Mathers, president.
Bert Pennington, secretary.
Archie Curtis, treasurer.

New Factory.—Canton is to have a new shirt and overalls factory.

A New Lumber Yard for Virden.—There is to be a new lumber yard in Virden which will be an all-home concern. The new lumber company will be conducted under the firm name of Ross & Sons, and will consist of J. N. Ross, Herman Ross and Charles Ross.

Turns Over Interest.—State Treasurer Mitchell turned into the state treasury \$146,049.12 interest on public funds during the last twenty-one months. The inheritance tax collected for the fiscal year of 1911-12 has amounted to \$3,687,629.77, compared with \$1,112,514.12 during 1909-10. He also collected \$13,090 on former Treasurer Spaulding of the University of Illinois, who defaulted. A saving of \$4,000 has been made by Mitchell on the appropriation for selling bonds, which he did by mail. This was turned in to the general fund.

To Sink a Well for Oil, Gas or Water.—The Virden Oil company has been organized in Virden for the purpose of making a test drill to see if there is any of that precious oil fluid. There are at present twenty-four stockholders and the value of the stock is \$100 per share. The officers are: John Wells, president; C. L. Gish, secretary, and Frank Babbitt, treasurer. For some time, now, oil men have been busy in the vicinity of Carlinville, and though no gushing well has been struck, still they are producing about one hundred barrels of oil a day from three wells.

Record Price for a Pearl.—The past week has brought a number of the best pearl finds of the season to this market. The top price of the year, \$3,000, is said to have been paid by William Corley for a 36-grain pearl of particularly fine lustre. A Bullard paid \$1,100 for an 87-grain pearl, one of the largest finds of the year. The gem is of a bluish tint, and in shape and size resembles a quail egg. This pearl was found in White river, near Cairo Rock, the first brought by J. E. Lane of that town.—Calhoun Republican.

Dr. C. L. Snyder is Given High Honor.—Dr. Charles L. Snyder, of Freeport today received a telegram from J. B. McPatrick from Boston stating that he had been elected to the thirty-third degree in masonry at the meeting to be held in Boston next year.

Two Menard Girls, Sisters, Wedded in Double Ceremony.—Two sisters, Miss Luella Eads and Miss Mary Eads, both of South Petersburg, Wednesday became the brides respectively of Lee E. King of Chandlerville and Arthur L. Bast of Tallula precinct, in a pretty double ceremony performed by Rev. W. A. Nickley at his residence, 1429 East Capitol avenue, Springfield.

Mrs. King and Mrs. Bast are daughters of Rev. George Eads, a minister of the Mazarine church, residing southwest of Petersburg.

Packers Predict Ten Dollar Hogs.—Packers predict \$10 hogs before the end of October and correspondingly higher prices for all hog products. At the yards hogs brought \$9.39 for high grade, the top figure in two years of high prices.

Adopted Married Woman.—Timothy Shee of Bloomington filed a petition in the county court to adopt Annie Mariner as his child. The petition states that he is now ready, able and willing to care for her as he has done for the past twenty years and over and that he has promised to adopt her to make her his heir. The girl was taken by him when she was two and a half years old and has since been a member of his household. She has since been married and her husband consents to the adoption. The order was made by Judge Hall granting the adoption.

Many in State Law Examination.—As a profession the legal fraternity shows no sign of diminution. As the regular quarterly examination of applicants for admission to the bar, in the hall of the house of representatives, one hundred and eleven submitted to the written examination required. There was one woman.

A Strange Find—Sheriff W. A. Patterson of Pontiac has found a rather unique curiosity in the way of a petrified bug. Yesterday he happened to notice a queer formation in a large limestone rock which had at one time been a part of the old county jail. He broke the rock to pieces carefully and was rewarded by getting the curiosity out. It is in the form of a bug of some kind which was petrified thousands of years ago, perhaps. The shape and markings are well preserved. **Estimates on Corn.**—Clement, Curtis & Co., of Chicago, estimate the condition of corn at 79.2, compared with 81 last month. Government reports last month made conditions 82.5. Their reports suggest a crop of 2,900,000,000 bushels on the five years average and 2,867,000,000 on the ten year average. Principal losses in condition are in the southern states and Minnesota and South Dakota. Ten per cent of the corn in the northern part of the belt will be soft. Oat crop is estimated at 1,350,000,000 bushels and spring wheat at 332,000,000 bushels. **TIRED, WEAK AND NERVOUS.** **Why Are So Many Jacksonville People in This Condition?** Feel tired out, irritable and depressed? Urine irregular; back weak and painful? These are symptoms that suggest kidney trouble. When the kidneys call for help. Assist them with a tested kidney remedy. Give them the help they need. No remedy more highly recommended than **Kidney Pills**. Backed by home testimony. Endorsed by Jacksonville people. Mrs. J. H. Allen, 430 S. Main St., Jacksonville, Ill., says: "I can strongly recommend Doan's Kidney Pills for they did me a world of good when I used them in 1910. Often I was so dizzy that I couldn't see and I also felt nervous. My kidneys were inactive and I had backache. Doan's Kidney Pills fixed me up in good shape." For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other. **MODERN NECESSITIES.** **Some That May be Maintained in Farm Home at Less Expense Than in City.** A septic tank provides facilities for bath and toilet equal to that enjoyed in any city home and costs less than a first class coffin. A pressure tank will provide running water in the house and can be charged by means of windmill or small gasoline engine. The regular bath can thus be enjoyed and the toilet flushed and all for the price of a medium sized doctor bill. The city man can promise nothing better for less money. A two horse power gasoline engine will cost the price of a mowing machine, and will furnish power to charge the pressure tank, to wash the clothes, to operate the wringer, to churn and work the butter, turn the grindstone, grind feed for stock. In town a monthly check of considerable size is required to pay for the enjoyment of similar conveniences. A heating plant costs more, but is cheap compared with the waste of woman's strength and suffering caused by irregular temperatures, to say nothing of the dirt and ashes that must be daily scrubbed or carried out and the fuel that must be carried in. A country home thus provided with modern conveniences would not readily be deserted for a home in the village nor would wife and children voluntarily make the exchange. Add to these household conveniences a spacious lawn adorned with flower beds and clumps of shrubbery arranged to produce a pleasing landscape, things that children delight in caring for, and the effect upon the temper of the household and upon the character of its inmates can not fail to be salutary. Running water in the house alone is of the utmost importance, while the bath and toilet should be considered indispensable adjuncts to every country home. It's the farmer's wife who carries water in and out. It's the farmer's wife who needs help—it is the farmer's wife whose lot must be lightened—she it is who has profited least from the wonderful development of this mechanical age. Reform is coming—it has come on many thousands of farms, but there are millions yet to be reached. Why should not the average country home enjoy all these modern improvements? They may not put money in the bank, but they lift drudgery from women and children who help to earn the dollars. Illinois Farmers' Institute. **HAVE COLOR IN YOUR CHEEKS—BE BETTER LOOKING—TRY OLIVE TABLETS** If your skin is yellow—complexion pallid—tongue coated—appetite poor—a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets. Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study with his patients. These Olive Tablets oil the bowels—yet have no oily taste. They are a vegetable compound mixed with olive oil. If you want a clear pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days, you must get at the cause. Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects. They start the bile and overcome constipation. That's why millions of boxes are sold annually at 10c and 25c per box. "Every little Olive Tablet has a movement all its own." Take one or two nightly and note the pleasing results. The Olive Tablet Co., Columbus, Ohio. Mrs. William Boston, who has been visiting friends in the city, expected to return to her home in Wichita, Kan., Monday.

IN THE LAND OF MEXICO.

(By Associated Press.)

Mexico City—Mexico's capital is slowly becoming a city of refugees. Foreigners, especially Americans, have been leaving for months and hundreds of Mexicans of the well-to-do class have deserted the city on account of the deplorable conditions created by civil war. The number of those deserting, however, is not so large as that of those who have fled here from the plantations, mines and smaller cities and towns of the interior.

Possibly the population of the capital is slightly greater now than it has ever been, but dealers in those articles classified as luxuries complain bitterly of the state of affairs.

Prices of staple supplies have continued to increase on account of the decreased production throughout the republic and reports from the agricultural districts give little hope of relief. There has been little crop planting in numerous districts. Men who formerly worked in the fields and factories now find that campaigning with the rebel chiefs is quite as profitable and much more diverting notwithstanding the drastic measures authorized by the government for their extermination.

Residents of the capital appear not to be greatly perturbed by the knowledge that a score of states are threatened by rebels. Society is looking forward with great interest to the opening of the opera season next month and the devotees of the bullfight are displaying a keen interest in the inauguration of the winter season of fights. The management of the big steel building has gone ahead with its plans for bringing to Mexico the best matadors obtainable this year—Machado, Puntaret and Gallito—confident, apparently, that the residents of this capital whether governed by Madero, Orozco or Zapata, will provide its quota of some 20,000 every Sunday to witness the skillful work of "the great" Spanish "toreros."

The president himself appears not to let the disturbed conditions in his country interfere greatly with his social movements and a not infrequent note in the morning papers is one telling of a picnic attended by the president and Mrs. Madero, or a banquet that was distinguished by the presence of the president.

Free cinematograph shows were established recently in various parts of the city in order to interest the poorer people of the city in ways that are peaceful, one of the problems the present government of the federal district has been studying for some months. The invitation to attend them has been eagerly accepted. Agents were appointed to select the films with a view to seeing that none of an objectionable class were shown.

Trousers are now to be provided by the government for the Mexican Indians when they visit town. In the days of the Diaz regime repeated efforts were made to induce the Indian population of the Federal district to substitute real trousers for the white cotton imitations they wore, but never with any great success.

Pollet Mexico was not so much shocked by the appearance of her simple sons in apparel more suggestive of underwear than of pantaloons, as she was embarrassed. Her attitude was that of "What will other people say?"

The new regime is no less insistent that the Indians must "dress up" when they come to town; so Governor Gonzalez Garza has decreed that they must abandon their white cotton clothing at the edge of the city wharf from government stores they will be compelled to purchase real trousers at fifty centavos a pair.

To encourage the culture of fruit in the state, the legislature of Veracruz has recently made an appropriation to provide prizes to be distributed among ranch owners who make the best progress in the fruit growing industry. Prizes of from \$100 to \$1,000 will be awarded to whoever shall plant and be the first to harvest crops of oranges, pineapples and mangoes. As a special inducement, all companies and individuals owning ranches who will devote a prescribed portion of their land to fruit raising, will be exempted from payment of land taxes for a period of ten years, and will be advanced by the state authorities a sum equal to ten per cent of the transportation charges to the nearest shipping point for their product, for a period of five years.

California Woman Seriously Alarmed

"A short time ago I contracted a severe cold which settled on my lungs and caused me a great deal of annoyance. I would have had coughing spells and my lungs were so sore and inflamed I began to be seriously alarmed. A friend recommended Chamberlain's Cough Remedy, saying she had used it for years. I bought a bottle and it relieved my cough the first night, and in a week I was rid of the cold and soreness of my lungs," writes Miss Marie Gerber, Stawelle, Cal. For sale by all dealers.

CENTRAL ILLINOIS I. O. O. F.

Yesterday afternoon at the Farmers' State bank the executive committee of the Central Illinois Odd Fellows association had a meeting to make arrangements for the grand event which is to take place in this city Oct. 24. Judge L. Y. Sherman and Grand Master W. H. Hubbard of Carrollton are to make addresses in the afternoon and in the evening the secret work of the order is to be exemplified. It is expected also that there will be during the day a balloon ascension and other attractions.

Among those present at the meeting yesterday from out of city were Henry Higgins of Winchester and E. H. Kinney of Beardstown.

DUNNE BLUNDER OPENS CAMPAIGN

Chicago Examiner, Democratic, Criticizes Party's Candidate.

ATTACKS MR. O'CONNELL

Says Dunne Manager Betrayed People in Keeping Interest on Funds and Will Lose Campaign for Candidate.

Chicago, October 3.—News that William L. O'Connell, Cook county treasurer and campaign manager for Edward F. Dunne, Democratic nominee for governor of Illinois, will be a candidate for mayor of Chicago has not tended to increase the harmony between the Hearst-Harrison, Sullivan and Dunne forces. Mayor Harrison never has possessed much love for Mr. Dunne. Mr. Hearst, through his local representatives, used to think well of Mr. Dunne, but now they are not so close together. Mr. Roger Sullivan always thinks of an axe in connection with the Democratic candidate for governor.

Condemns Appointment.

The fact that Mr. O'Connell has violated his pre-election pledge to pay the interest on county funds into the treasury has not helped either Mr. O'Connell or Mr. Dunne. The Chicago Examiner, Democratic, remarked editorially August 8th that "Edward F. Dunne, Democratic nominee for governor of Illinois, has begun his campaign with a blunder. He has announced his intention to make William L. O'Connell his campaign manager. This is not a selection that will call for confidence of the voters."

Will Not Believe Him.

After relating Mr. O'Connell's promises to turn over the interest on public funds to the county, The Examiner continues:

"Judge Dunne announces that he will make his campaign on promises of progress and reform, but names O'Connell to go to the people for him with a contract for clean public service. And with his child-like faith in the willingness of the people to believe that whatever he says is right, he is trying to bracket himself with O'Connell and have his promises taken at their face value."

Dunne Will Lose.

The Examiner then gives Mr. Dunne some advice, which it thinks he would find advantageous, after which it closes as follows:

"The people want high promises to be followed by high performances. And they are going to have just that or know why, and they are not going to take the guaranty of O'Connell, a pledge breaker, for anything. In these days an office seeker may fool the people with promises once, but he cannot do it twice in the same place. One blunder may not lose a campaign—one O'Connell will do so."

And now Mr. O'Connell is being touted as Mr. Dunne's candidate for mayor of Chicago.

DR. WOODRUFF JOINS MOOSE PARTY EXODUS

Finds Bosses in Organization Think More of Its Control Than of the People—Favors Deneen.

Chicago, Oct. 1.—Dr. Thomas Woodruff, 7 West Madison street, has joined Ralph C. Otis and Walter J. Raymer in deserting the Moose ticket. The three were interested originally in the Roosevelt movement, Mr. Raymer being local treasurer. In discussing his withdrawal from the Moose movement, Dr. Woodruff made the following statement:

"Whether the Republican party in other states is so undesirable as to warrant a Progressive state ticket is of no consequence as far as the state of Illinois is concerned. We have enjoyed a good, clean government under the administration of Governor Deneen and there should be no opposition placed in his way. I believe Governor Deneen is stronger today than at any time during his political career.

"It's the insincerity of the third party enthusiasts in Illinois and Cook county I complain about. They remind me of a lot of kids quarreling when some of them say: 'If we can't sit on your cellar door, then we won't sit on your back yard.' They want to sneak into office by way of a national campaign.

"Before the Progressive convention, Professor Merriam intimated that he would leave the Roosevelt movement if a third party were not created. He, with ticks and others, are making exceedingly difficult the election of Colonel Roosevelt, which goes to show that this class of citizens have the success of the colonel at heart only after securing their own success.

"The conditions in this state, and I am sure that the election returns in November will bear out my statement, are very satisfactory and point to the rightful election of Governor Deneen. He has been the head of all progressive movements, so that the people of the commonwealth cannot register the complaint that this state is retarded by reason of an old-fashioned administration."

Funk is out of the race. A vote, therefore, for Funk is a vote for Dunne.

Stomach Bad? Belching Gas And Sour Food? Want To Feel Fine?

Wonder what upset your stomach—which portion of the food did the damage do you? Well, don't bother. If your stomach is in a revolt; is sour, gassy and upset, and what you just ate has fermented into stubborn lumps; your head dizzy and aches; belch gases and acids and eructate undigested food; breath foul, tongue coated—just take a little Diapepsin and in five minutes you truly will wonder what became of the indigestion and distress.

Millions of men and women to day know that it is needless to have a bad stomach. A little Diapepsin occasionally keeps this delicate organ regulated and they eat their favorite foods without fear.

PAPE'S 22 GRAIN TRIANGLES OF DIAPEPSIN

MAKES DISORDERED STOMACHS FEEL FINE IN FIVE MINUTES. CURES INDIGESTION, DYSPEPSIA, SOURNESS, GAS, HEARTBURN.

The Tenderfoot Farmer

It was one of these experimental farmers, who put green spectacles on his cow and fed her shavings. His theory was that it didn't matter what the cow ate so long as she was fed. The questions of digestion and nourishment had not entered into his calculations.

It's only a "tenderfoot" farmer that would try such an experiment with a cow. But many a farmer feeds himself regardless of digestion and nutrition. He might almost as well eat shavings for all the good he gets out of his food. The result is that the stomach grows "weak" the action of the organs of digestion and nutrition are impaired and the man suffers the miseries of dyspepsia and the agonies of nervousness.

To strengthen the stomach, restore the activity of the organs of digestion and nutrition and brace up the nerves, use Dr. Pierce's Golden Medical Discovery. It is an unfailing remedy, and has the confidence of physicians as well as the praise of thousands healed by its use.

In the strictest sense "Golden Medical Discovery" is a temperance medicine. It contains neither intoxicants nor narcotics, and is as free from alcohol as from opium, cocaine and other dangerous drugs. All ingredients printed on its outside wrapper.

Don't let a dealer delude you for his own profit. There is no medicine for stomach, liver and blood "just as good" as "Golden Medical Discovery."

HUMORS IN THE BLOOD

When the blood becomes infected with any unhealthy humor the effect is shown by some definitely marked disorder like Eczema, Acne, Tetter, Psoriasis, Salt Rheum, etc. Humors get into the blood usually because of an inactive condition of the system. Those members whose duty it is to expel all refuse matter do not properly perform their work, and an unhealthy accumulation is absorbed into the blood. Then instead of performing its natural function of nourishing the skin the circulation irritates and inflames it because of its impure condition. A thorough cleansing of the blood is the only certain cure for any skin disease; external applications can only give temporary relief. S.S.S. goes into the circulation and drives all humors from the blood, and in this way makes a permanent and complete cure in every form of skin trouble. S. S. S. supplies the blood with the nutritive qualities necessary to sustain the skin and preserve its natural texture and perfect appearance. S. S. S. natural texture and perfect appearance. S. S. S. cures Eczema, Acne, Tetter, Salt Rheum, and all other skin eruptions or diseases. Book on Skin Diseases and medical advice free.

F. C. Taylor,
Appointed to make said assessment.

MOTHER! WATCH THE

CHILDRENS BOWELS

If Cross, Sick, Feverish, Bilious or
Tongue Is Coated Give Delicious
"Syrup of Figs."

No matter what ails your child,
a gentle, thorough laxative phys-
ic should always be the first treatment
given.

If your child isn't feeling well;
restless, irritable; eating regularly and
acting naturally it is a sure sign
that it's little stomach, liver and 30
feet of bowels are filled with foul,
constipated waste matter and need
a gentle, thorough cleansing at
once.

When cross, irritable, feverish,
stomach sour, breath bad or your
little one has stomach-ache, diar-
rhea, sore throat, full of cold,
tongue coated; give a teaspoonful
of Syrup of Figs and in a few hours
all the clogged up waste, undigested
food and sour bile will gently move
on and out of its little bowels with-
out nausea, griping or weakness, and
you will surely have a well, happy
and smiling child again shortly.

With Syrup of Figs you are not
dragging your children, being com-
posed entirely of luscious figs, senna
and aromatics it cannot be harmful,
besides they dearly love its delicious
fig taste.

Mothers should always keep, Syr-
up of Figs handy. It is the only
stomach, liver and bowel cleanser
and regulator needed—a little given
to day will save a sick child to-
morrow.

Full directions for children of all
ages and for grown-ups plainly printed
on the package.

Ask your druggists for the full
name, "Syrup of Figs and Elixir of
Senna," prepared by the California
Fig Syrup Co. This is the delicious
tasting, genuine old reliable. Re-
fuse anything else offered.

Little Business Other Than Consideration of Officers' Reports—Repairs at Light Plant Interfere With Service.

The Monday morning meeting of the city council was very uneventful and little business was transacted other than the reading of the minutes and of monthly reports. Mayor Davis called the council to order at 10:15 o'clock and the roll call showed all present. Properly approved bills were ordered paid when funds are available.

Commissioner Newman asked about the Widenham & Dauh wells and Commissioner Brennan said that the machinery was in such shape that it could be started on half an hour's notice, but that the cost of pumping was so great that there was no intention to use the wells except in case of shortage. Mr. Brennan said in reply to a question that on account of some repair work at the light plant that it had been possible to light only half the street lamps recently.

Reports of officers were received as follows and were approved:

G. P. Davis, chief of police, reported: Number of arrests, 60; state cases, 8; city, 52; males, 51; females, 9; amount collected, \$367.70. The arrests were divided as follows: Assault and battery, 6; drunkenness, 12; abusive language, 1; trespass, 1; disorderly conduct, 24; keepers disorderly house, 2; under peace bond, 3; vagrancy, 1; violating local option law, 3; larceny, 1; maintaining nuisance, 1; autoists without lights, 3.

W. H. Cobb, water superintendent, reported total collections, \$2,196.05, as follows: Water rent, \$2,097.30; meters sold, \$60; taps sold, \$30; meters repaired, \$8.75.

R. L. Pyatt made reports as follows: Collections as city clerk, \$213.93; Jacksonville cemetery, \$52.50; Diamond Grove cemetery, \$164.25.

H. Wannamaker, sexton of Jacksonville cemetery, reported five graves made in September.

J. T. Owen, sexton of Diamond Grove cemetery reported 12 graves made in September.

J. M. Coons, justice of the peace, reported: Total collections, \$367.70; fines, \$216 collected; city costs, \$49.05; J. P. costs, \$81.40; June fines, \$12; June costs, \$8.15.

COMMITTEE NAMED.

Chairman Hildreth Selects Men to Look After Organization Work.

M. L. Hildreth, chairman Morgan County Republican Central committee has appointed the following as the organization committee: J. H. Rayhill, Jr., Thos. Hughes, J. F. Brennan, H. H. Bancroft, Geo. W. Davis, Sam Harris, Jno. E. Hall, C. O. Bayha, F. P. Vickery, J. R. Robertson, P. L. Dye, Ed. Mallory, Wm. Fay, Jr., E. E. Crabtree, Jno. Cherry, Miller Weir, J. J. Reeve, G. L. Merrill.

The committee will meet at Republican headquarters Friday night to organize and transact other important business.

Those swell red sweaters you see so many people wearing came from Tomlinson's.

TO HOLD ANNUAL MEETING.

The executive committee of the sixteenth Encampment association, I. O. O. F., which comprises the counties of Morgan, Cass, Greene, Scott and Pike, will hold their annual meeting in this city, Nov. 15, at 3:30 p. m. Work in all the degrees will be given by the celebrated degree staff: Grand Patriarch, F. M. Gustin, Danville; Grand Scribe, Sam J. Baker, Olney; Grand High Priest, George B. Roeler, Canton; Grand Sentinel, Norman Waltrip, White Hall.

Rev. Walter E. Spooner gave an address last night at the Brotherhood meeting of the First Presbyterian church of Decatur.

INVITED TO SEND DELEGATES.

Mayor Davis has received a communication from the secretary of the National Rivers and Harbors association requesting him to appoint a number of delegates to the congress of the Rivers and Harbors association to be held in Washington, Dec. 4, 5, and 6.

OLD COUNTY CITIZEN
IS SUMMONED

Louis Fredlander Dies at Age of 86 Years—Other Deaths Recorded.

Death came at 6:25 o'clock Sunday morning to Louis Fredlander, at his country home, a mile north of Jacksonville on the Sandusky road. For a number of years Mr. Fredlander had been practically an invalid and for more than a year had been confined to his home.

For thirty years past the deceased had lived on his splendid farm adjoining the city and he was one of the oldest and most highly esteemed citizens of the county. Mr. Fredlander was born in Karlsruhe, Germany, May 26, 1826, and came to this country as a youth, following the trade of carriage maker, afterward devoting all his attention to farming. Mr. Fredlander was married to Miss Sarah Rentschler and their home life was very happy through many years. By strict attention to his affairs, aided by a wide knowledge along useful lines, Mr. Fredlander came to occupy a prominent place in the business life of the community. He was accounted a successful man and his life and conduct were such as to command the respect of those who knew him best. He was a great reader and through the long years of his life kept in close touch with the progress made in his country as well as others and so naturally his mind became a great storehouse of information. He is survived by his wife and the following children: George, Emma and Minnie Fredlander, at home and Mrs. Mathew Miller, of this city. One son, Louis, died as a child.

The funeral will be held Wednesday afternoon, at 2 o'clock at the family home, north of the city.

Smith.

Francis Smith of Pike county, aged 75 years, died Sunday morning at 11 o'clock at the Jacksonville State hospital. The funeral was held Monday morning at 9:30 o'clock and interment was made in Diamond Grove cemetery.

Cummins.

George Cummins, aged 78 years, died Sunday afternoon at 12:30 o'clock at the Jacksonville State hospital. The remains were removed to the Gillham undertaking establishment, where they were prepared for burial and Monday morning were sent to Decatur, where funeral services will be held and interment made.

Doty.

Nathan Doty passed away Sunday night at 8 o'clock at the Jacksonville State hospital, where he had been a patient for some time. Mr. Doty was 84 years of age. The remains were taken to Gillham's undertaking establishment and Monday morning were sent to Williamsburg via the Chicago & Alton, where funeral services will be held and interment made.

Smith.

Funeral services for David C. Smith were held Sunday afternoon at 3 o'clock at the residence, 615 North Fayette street, in charge of Rev. J. W. Miller, pastor of Grace M. E. church. Music was furnished by a quartet composed of Mrs. Charles Hopper, Mrs. Gerten, Mr. Graham and Mr. Miller and the many beautiful flowers were in charge of Mrs. Capely and Mrs. Ealey.

The members of the Modern Woodmen attended in a body and had charge of the services at the grave at Jacksonville cemetery and Rev. Mr. Miller offered benediction. The bearers were Robert Tilton, Edward Tonn, John Joaquin, John Rawlings, John M. Baumann and Elmer E. Hatfield, all members of the Woodmen.

Braner.

The infant child of Mr. and Mrs. Weir Braner of South East street, died at Our Savior's hospital Sunday night at 11 o'clock. The baby lived an hour after birth.

Chambers.

The Misses Askew received a telegram Monday from their sister, Mrs. John E. Chambers, announcing the death of Joseph A. Chambers at Camp Meeker, California. The young man was known to many Jacksonville people as "Doc" Chambers and his friends here will learn of his death with sincere regret. No particulars as to his sudden death have been received.

SOCIAL EVENTS.

Miss Helen Reaugh was hostess at a sewing Monday afternoon at her home on West College avenue, in honor of Miss Marie Cole of Carlinville. The house was prettily decorated in red and white and the afternoon was spent in playing games, dancing also being a feature of the entertainment. In the games prizes were won by Misses Ruth Jackson and Miss Ruth Bavington, the guest prize going to Miss Cole. There were twenty-four young ladies present and the afternoon was delightful in every way. Light refreshments were served.

Miss Edna Reid and Miss Muriel Stanley were hostesses at a miscellaneous shower Monday evening, at the home of the former, in honor of Miss Clara Hadden, who is to be married Wednesday night. The house was tastefully decorated in pink and white by use of pretty flowers and these colors were carried out in the dainty refreshments served. There were thirteen girls present and the afternoon was spent in playing various games, prizes being won by Miss Hadden and Miss Martha Patterson. Miss Hadden was the recipient of a number of pretty and useful gifts. Among the girls from away were Miss Bernice Cooper of Concord and Miss Zella Ranson of this city.

Mrs. W. W. Luter of Little Indian gave an elaborate dinner Sunday in honor of the birthday of Mr. Luter and the meal as well as the day was greatly enjoyed. Those present included Mrs. William Hamilton and daughter of Carrollton, Mr. and Mrs. S. James of Tallula, Fred James and mother of Luterberry, Mr. and Mrs. E. Luter, Louis Snider and Mrs. Mary Buraker of Jacksonville.

SUCCESSFUL RALLY DAY.
The rally day services at Northminster church were well attended and interesting in character. The pastor's report showed that he had preached 294 sermons, gave 35 lectures, made 347 pastoral visits, officiated at 12 marriages, 25 funerals and conducted 5 revival meetings the past year. In the Sunday school Rev. Clyde Darsie gave an address and the readings by Miss Hemenway were greatly appreciated. Miss Smith, a teacher at the State School for the Blind, also sang a solo.

DEATH DUE TO CARBON MONOXIDE

Columbus Laboratory of Chicago Makes Report on Viscera of Late Sherman Fordyce.

A report has been sent to the Illinois Traction System as the result of an analysis of the viscera of the late Sherman Fordyce, who lost his life at the local plant of the company several weeks ago. Their report showed that there was no poison in the stomach and that death was not due to an electric shock but to carbon monoxide. The report was made through W. J. Beagle, chemist, with headquarters in Peoria.

It will be recalled at the time of the accident that the jury who was empaneled to inquire into the death of Mr. Fordyce gave in a verdict of death due to an electric shock.

The following Monday, a week after the accident, the company sent a man down to the plant, who went over the ground, traversed the same conditions and failed to find where death could be due to an electric shock. He also reported that he did not see how poisoning gases could collect in the hoisting house on account of its many openings.

SECURES FRANCHISE.

Clover Leaf Casualty Company Gets Business of Illinois Tunnel Co.
The officers of the Clover Leaf Casualty company of this city have received word that their insurance policies would be used exclusively by the Illinois Tunnel company of Chicago. This company controls the electric roads which operate through the tunnel and also the Automatic Telephone company. They employ about 1200 men. The Clover Leaf has also insurance franchises assured on two other roads running out of Chicago. The new business which the Clover Leaf opened up in Missouri recently has advanced more rapidly than was expected the September receipts being much above the estimates.

Mrs. Donald Swarthout and baby returned to their home, 223 North Pine street, Saturday evening. They were accompanied home by her parents, Mr. and Mrs. Frank Bryant of Pawpaw, and her sister, Mrs. Earl Davis, and husband of Mendota. The trip was made in the Swarthout Rambler automobile.

TENSION SHOWS SLIGHT SLACKENING

Over Optimism is Discouraged But it is Pointed Out That Russia and Austria, When United, Can go Far in the Balkans.

Paris, Oct. 7.—The tension in the Balkan situation, it is thought tonight at the foreign office and among diplomats, shows a slight slackening. It is a fact, however, that the danger from martial enthusiasm remains, and it is realized that the crisis will persist as long as a million troops, spoiling for a fight, continue under arms.

Over optimism therefore is discouraged, but it is pointed out that Russia and Austria, when really united, can go far in the Balkans.

The Balkans instead of sending an ultimatum demanding reforms, dispatched to Turkey "a note which will be sent simultaneously to all the great powers and Turkey." The Ottoman government has itself opened the door to receive the demands the powers intend to make by voluntarily granting the Christian vilayets a wholesale measure of reforms.

France has noted these signs of concessions as hopeful.

Threats already are heard that King Ferdinand will risk the crown if he shows signs of weakening.

Recognition of the fact that danger threatens the king of Bulgaria is now providing a check on the optimism which diplomats would otherwise be inclined to give rein.

MAY DEMAND INQUIRY.

Bartzen Expected to Go Before Wayman and Demand Immediate Investigation of Cook County Board's Actions.

Chicago, Oct. 7.—Peter Bartzen, president of the county board, whose troubles with the county commissioners have reached an acute stage, after accusations by Mr. Bartzen that eight of their number solicited bribes of \$1,000 each in connection with the purchase of a hospital site, and reprisals by various commissioners who have sought to fasten the charge of nepotism on Bartzen's administration is expected to go before the state's attorney tomorrow and demand an immediate investigation of the board's transactions. State's Attorney Wayman told Mr. Bartzen to prepare his evidence to place before the grand jury when it convened Oct. 14, but to day Bartzen announced that matters known to him concerning alleged irregularities concerning not only the new hospital sites, but other purchases for the county should be aired without delay.

PREPARATIONS CONTINUE.
London, Oct. 7.—Another day has passed without an outbreak of hostilities between Turkey and the Balkan states. But preparations for war continue on all sides.

The next move lies with the great powers and it is reported that the pope also intends to intervene in favor of peace. Opinion in the Balkan capitals and Constantinople, however is rather skeptical on the success of the powers in preventing war.

GREEKS LEAVE BOSTON.
Boston, Oct. 7.—Several hundred Greek reservists left Boston tonight for Providence to board a specially chartered steamer for Greece to fight for their country.

DIES ONE WEEK AFTER SISTER

Mrs. Sarah A. Buxton Passes Away at the Family Residence Two Miles North of Concord—Funeral This Afternoon.

Mrs. Sarah A. Buxton died Sunday morning at 1:15 o'clock at the family home, two miles north of Concord, just one week and one hour after the death of her sister, Mrs. John Ham. Mrs. Buxton was one of the pioneer residents of that section of the county, being 81 years of age.

She was born September 2, 1831, in Montgomery county, near Dayton, O., and was the daughter of Simon Peter and Susan Buxton. When she was 7 years of age her parents came to Illinois, making the trip in a covered wagon. The family settled in Morgan county, near Litchfield. At the age of 20 years she was married to James M. Buxton, who passed away Oct. 9, 1903. They were the parents of six children. Oscar died in infancy and those surviving are Frank, Felix, Abbie, George and Jennie. She also leaves one sister, Mrs. Andrew Long of Brown county, and one brother, Peter Buxton of Oklahoma. She also leaves fourteen grandchildren and ten great grandchildren.

Mrs. Buxton had lived to see a great many changes in her community and often recalled the fact of how different people lived now. She was a woman of kind deeds and a friend whom everyone loved and respected. She was converted at the age of 14 at a camp meeting being held near Bethel. She was a devoted member of the Methodist Protestant church of Concord and was always ready to lend a helping hand in the work of the church.

The funeral services will be conducted this afternoon at 2 o'clock from the M. P. church in Concord, in charge of Rev. Mr. Reid, assisted by Rev. Frederic Baylis. Burialment will be made in the Concord cemetery.

AUTOMOBILE OVERTURNS.
While returning from Springfield Sunday night a party of automobilists were thrown into the road and narrowly escaped serious injury. There was very little rain in Springfield and before the driver noticed it, the machine skidded and overturned in the ditch near Berlin. Aside from receiving some minor scratches and bruises none in the party was injured and the machine was righted and driven back to this city.

Unusual Interest is Being Shown in "The Sleyman" Collection"

Authentic Oriental Rugs

Hundreds of rarely beautiful Persian Turkish and Caucasian Rugs at prices not approached elsewhere.

Though these are grouped for convenience in showing you the sizes and in matching for color-harmony with each other, or with the rooms for which you intend them; they were not bought in "lots" comprising a few excellent pieces, and a number barely mediocre. Each rug has been carefully, skillfully, painstakingly chosen by Sleyman's expert buyers, who know every minute detail of the Rugs of the Orient—Mr. Sleyman will show them to you. This collection will be with us another week and the opportunity deserves immediate consideration.
